ANOTHER BOY SCOUT CHICKEN B-B-Q

On Showboat Saturday, June 20, (this week), Lowell Troop 102 will be selling its delicious grilled chicken dinners from 11 a.m. until all dinners are sold.

Indoor serving will be at the United Methodist Church, 621 East Main Street. Cost is \$6 for half a chicken, salad, roll and beverage. Pay at the door. Bring your friends.

FALLSBURG SCHOOLHOUSE MUSEUM

Show the kids, or grandkids, a replica of the country school you fidgeted in the back of in the good old days. The pump in the front yard works if you need a drink, and the little house out back is a modern version of the long ago two little houses out back.

The Fallsburg Schoolhouse Museum is across the Covered Bridge from Fallsburg Park, four miles north of Lowell in eastern Kent County. Admission is free and the museum is open from 1 to 5 p.m. on Saturdays and Sundays from

Showboat's 3-on-3 grows, as roughly 560 players participate in Hoops

The Lowell Showboat City Hoops Classic continued to build on its reputation as a fun, well run, competitive 3-on-3 basketball tournament.

From the youth and energy of 11 and under to the skill and physicality of the high school and college players, the only thing that remained hotter than the weather was the action on the courts.

In its fifth year, the Showboat City Hoops Classic fielded its largest number of teams, 139. The previous high was 122 teams, which was accomplished in 1990 and 1991.

Rob Orange, a member of the Calvin College basketball team, took notice of the competition. "I played in the tournament last year. The competition was, I think, a little better this year. There were not many blowouts," he said. "It's a pretty nice tournament. The games were played on schedule and the overflow court worked real well."

Brent Noskey, in his first year as chairman of the tournament, sharing the duties with Roger Southland, was pleased with the weekend community tournament sponsored by the Lowell Knights of Columbus.

"There were a few errors, but on the whole, the tournament went well," Noskey said. "Manpower wise I think we were maxed out this year. We were a little short on court monitors."

He added if the tournament is to grow the Knights of Columbus will need help from an outside group.

Southland said the Caladonia Knights of Columbus have shown some interest in helping out in future years. "The other organizations that may be interested in getting involved include the YMCA,

Township residents see road work as a thing of "Bewell-ty"

Local government working the way it was intended to is a thing of beauty, just ask Minnie Kansman and the rest of Lowell Township residents living on Bewell Road.

Kansman expressed her concerns to Lowell Township Supervisor John Timpson for the trees that may be lost when the Kent County Road Commission paved Bewell.

The Moose Club, and the Lion's Club," he explained.

Nick Ceglarek, Allendale, a student from Grand Valley, was impressed with the competition. "Two years ago we won our bracket. This year we played some teams a little younger than us but they were very good," he explained. "It's a fun tournament."

Rodney Suggs, Grand Rapids, played in the Hoops tournament for the first time. "There was a wide range of players. There was a lot of competition and I thought the bracketing was good."

Many of the players thought there was a need for more court monitors.

The results of the championship games in each division are as follows:

On Court A, sponsored by Erb Lumber, in girls 15-16 division, Poetry in Motion defeated Totally Mentally Motion, 20-12. Members of the winning team were Melissa Beute, Kerry Nugent, Krista Posthumus and Kortney Gowen.

Also on Court A, in the girls 12 and under division, Elusion Delusion defeated Basketball Babes 15-8. Members of the winning team were Megan Cindric, Shannon Finnegan, Susan Rozman and Kaily Wittenbach.

The sponsor for Court B was Modern Printing. In the girls' 12-13 year old division, the Rough Tough and Jammin Stuff defeated Blazerettes 15-10. Names of the winning team were not available.

Boys' 11 and under were on Court C, sponsored by Lowell Area Auto Dealers. The Hackers defeated Supreme Court 15-8. Members of the winning team were

Doubled teamed and looking for help during the action on Sunday.

Dusty Gless, Landon Graham and Andy Graham.

Court D, sponsored by Little Caesars, saw Wounded Duck defeat Hoop Masters 15-7 in the boys' 12 and under division. Members of the winning team were Eric Osterhaven, Adam Sobezak and Brandon Funk.

Court E sponsored by Faro's Pizza, saw Playground

Legends defeat At Least You Tried 20-15 in the boys' 13-year old division. Members of the winning team were Andrew Smith, David Forsyth, Aaron Dean and Adam Brown.

LA Quinn defeated Spaceballs 20-17 on Court F, sponsored by JRB Patton/Yogurt Station in the boys' 14-year old division. Members of

City signs new 3-year contract with Police

The City of Lowell and the Lowell Police Officers agreed on a new three-year contract.

The agreement was hammered out by Lowell Police Chief Barry Emmons, Lowell City Manager Dave Pasquale and the Lowell Police officers over a two-month period.

The three-year contract calls for:

1. A three percent wage increase for the police officers (excluding the starting wage and six month pay increments) and sergeant positions during the first year. Because of the uncertainties with state referendums on property assessments, wage re-openers will be in place for the second and third years.

2. The adoption of the MERS Benefit FAC-3 and B-4 programs. Employees would contribute one percent of their anticipated wage increase for three years.

3. Longevity - increase payments to \$50 a year with a maximum of \$500. Previously it was \$45 a year with a maximum of \$450 respectively.

Bewell, continued...

paving project," Kansman said. "It was his communication with the Kent County Road Commission that made the necessary difference to have the road moved over. Trees were saved because of this."

Timpson said discussion about paving Bewell first started in 1988. "I was running for Township Supervisor, and I received an invitation to a neighborhood watermelon eating party," he said. "The Bewell Road residents wanted the road paved but wanted the road's natural beauty to remain in tact."

The project funding is set up so that the Township pays 55 percent of the cost and the County pays 45 percent.

It will take four years of budgeting for the Township to pay for its costs.

Timpson said the project has gone so well that it may come in under the estimated cost.

One misconception about this type of project is that it is

paid for with property tax money. Timpson said that is incorrect. "The revenues come from gas tax and state revenues."

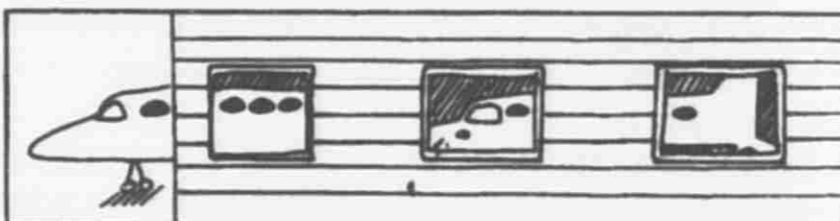

Each year the Township budgets \$40,000 for new construction and \$20,000 for road maintenance.

Timpson said the Kent County Road Commission is doing the paving project without changing the essential character of the road.

"Sometimes an adjustment to the road bed is made within the easement to accomplish this," Timpson said.

The Lowell Township Supervisor said he has received nothing but positive comments about the project.

"Lowell's Township Supervisor has made me feel like my voice was being heard in the Township. He even went so far as to come to my home to discuss the issue," Kansman said. "He should be commended for listening and acting."

Frank C. Miller

Miller, prominent Lowell senior dies at the age of 93

Frank C. Miller, a well-known member of Lowell Senior Neighbors, died June 10 after a brief illness. Frank had been a part of Senior Neighbors almost from its beginning in Lowell. He served on the Advisory Board, participated in most of the activities, and was always ready to help with the "chores."

Miller was a charter member of Evergreen Missionary Church and helped in the construction of the building. He served as deacon and trustee for many years, attended every service, and was always willing to help in any way he could.

The early part of his life was spent in northern Michigan where he worked in the lumber camps as a young man. For 41 years he worked

on the Pennsylvania Railroad, most of that time as a track foreman.

He had walked the Mackinaw Bridge more than 30 times, the last time being this past September.

He was preceded in death by his wife, Stella; two sons, Barlett and Frank. He is survived by his children, Frances (Leona) Miller of Lowell, Wayne (Norva) Miller of Grand Rapids, Jeanette (William) Franklin of Alden, MI; sisters, Leone Falls of Jackson; 10 grandchildren, 21 great-grandchildren and two great-great-grandchildren. Funeral Services were held Saturday at Evergreen Missionary Church, Lowell. Memorials may be made to Evergreen Missionary Church or Hospice of Greater Grand Rapids.

Homespun Devotions

By Pauline Spray

Rejoice in the Lord always: and again I say, Rejoice (Philippians 4:4).

Did you ever know anyone who habitually did just the opposite of what was expected of him? Some small children are like that. If you tell them to stay out of the mud, as sure as the world they will jump in, shoes and all, at the earliest opportunity. If you tell them to jump in, they will run a country mile to keep from carrying out your wishes.

Usually this trait of character is undesirable. We want children and older people to be cooperative and agreeable. However, for the Christian there are times when it is well to "do the opposite."

It isn't always easy to rejoice. There are times when we simply don't feel like rejoicing. When these times come, we need to "do the opposite." We ought to disregard our feelings and emo-

tions and praise the Lord anyway. He is worthy of our praise—always.

If I am tempted to be "down in the dumps," then it is well for me to "do the opposite." Instead of thinking negatively, I ought to count my blessings—to "rejoice and rejoice." I'm bound to feel better fast if I "do the opposite."

Prayer: Dear Lord, Thou art worthy of my praise. I thank Thee for my home, my family, friends, and the comforts of life. But most of all, I praise Thee for Thy faith and free salvation and Thy wonderful love. Amen.

Worship, honor, power, and blessing.

Thou art worthy to receive.

Lowest praises, without ceasing.

Meet it is for us to give.

Tours of house & park, part of Bowens Mills Festival

Historic Bowens Mills - Old Fashion Day Festival

Historic Bowens Mills will host its first Old Fashion Day Festival of the season on June 20. The gates will open at 10 a.m. and close at 4 p.m. Some of the features of the day will be the Mill and its museum along with its lower level. Tours of The Bowen House and the Pioneer Park. There will be the making of Bobbin Lace, an Ox Team will be on hand for rides. Country Music, arts and crafts and lots of good food will also be featured to get the festivals off to a good start.

The old mill is a State Historic Site and was built in 1864. It will be in operation, grinding corn by water power for all to see. The museum houses milling equipment along with many items from Barry County History. It also has a nice collection of Indian artifacts, including a dug out canoe. In the lower level of the mill folks can enjoy the sounds, smells and see the fascination of forming red hot metal into a useful item. The Cooper will be in his shop showing how wood barrels and pails were made in the old days.

"The Bowen House", the

only house the Bowens built will be open for its once a year tours. The old house was built in the 1870s and was said to be "a show place" in the little town. Over the years, it had been remodeled and updated. All the old wide wood moldings had been removed and modern 4x8 sheets of paneling covered most of the walls in the downstairs. In the living room, there was beautiful hard wood floors under the glued down kitchen carpet.

The upstairs had had very little redecorating since the house had been built. The 10 room home has been redone and room by room, the new was removed and put back much as it would have been when it was built. Tour guides will be stationed throughout to help visitors enjoy their visit.

G & G Kamp Oxen will return again this year. Their oxen are the largest oxen in Michigan. Young and old alike enjoy taking a cart ride, just for old times sake.

Country music will fill the air when alot of local talent will entertain throughout the

day. Some of those taking part will be Dwight and Gail Hoffman, Marylyn Purdy, Leon Hine, Dedo Phillip & Jeff Schilthorpe plus some others.

"Lace Day", as the ladies call it is a fun time for Bobbins Lace Makers, as well as festival guest. It is most impressive to see thread wrapped around pins on a pillow being fashioned into beautiful lace as fingers knot it just right. This is the third year they have met at the old mill. All lace makers are invited to join in the fun and share their talents.

Folks are invited to bring their cameras and come on out and enjoy a full day of family fun. The 1840's Plank House, the 1850's One room School and The Covered Bridge will all be available for folks to tour. "The Chuck Wagon" will be grilling buffalo burgers and hamburgers over an open fire and all sorts of apple related deserts will be served from "The Cider Mill Cafe". There will also be some arts and crafts.

In case of rain, "the show will go on", the Mills Rainy Day Museum on it's fourth level will be open. This area

houses a cobblers shop, old time sewing room and an art gallery and many old tools in the recreated Mill Workshop.

Next month on July 11 and 12 (note date change) there will be a big Revolutionary War re-enactment.

Historic Bowens Mills is a privately owned State Historic Site dedicated to preserving the past for future generations to enjoy. All restorations are done with gate fees (\$3 for adults, \$1 for kids) and donations. There are some openings for a few volunteers. Special tours, reunions, church or company picnics or weddings may reserve the grounds for their special day.

The Old Mill is located just two miles north of the Yankee Springs State Park entrance off Briggs Road—one could take the 131 expressway to the Bradley Exit traveling east to Briggs Road (approximately 8 miles), then north 1 1/2 miles. For more information call 795-7530.

Rev. Bernard Dawson accepts another 4-year assignment in England

Rev. Bernard Dawson and wife Gale have accepted another four year assignment as Administrator and Senior Pastor of The Pillar of Fire mission headquarters at Hendon, London England. Dawson attended high school in Lowell.

The following excerpt was copied from a letter from the Bishop, Donald J. Wolfram, Zeraphath NJ:

The Dawsons have been commended for the competent and cheerful way in which they have carried out their many activities, as well as their clerical duties. They have also done Yeoman Service in maintaining the extensive physical plant, giving oversight to improvements and upgrading in many of the apartments, rooms and public facilities, such as the chapel and dining room.

Rev. Dawson gave a comprehensive report, both verbally and in excellent written form, of his stewardship during the past four years at Hendon. He indicated at that time his willingness and also his wife Gale, to consider an additional term of service at Hendon, with a brief furlough of a month or so during the summer.

Thad's Thoughts

In 1932 the people of Lowell conceived of an annual project which would lift their hearts throughout the Great Depression and would become a true community event, drawing many groups together in a mutual effort and attracting statewide attention.

This was the Lowell Showboat. This happens to be Showboat Week. A time for a community of 4,000-plus to proudly show its City to visitors from around the state. A time for citizens from all points in the City to celebrate the place they all call home. A time to engulf itself in an event as grand and traditional as most projects in the State of Michigan.

What has made it so grand? People make it a point to attend

Ledger Entries of 100, 75, 50 and 25 Years Ago

100 YEARS AGO IN THE JOURNAL - JUNE 15, 1892
Fred Fallas has planted ten acres of cucumbers and will start a small pickle factory this fall.

A special night train to Freeport for the play "Uncle Tom" strikes and kills a horse which had been turned on the track for the night. "Railroad management should give notice when they are going to run special trains." Various churches celebrate Children's Day with programs.

Proof of loyalty during the Civil War is no longer required for being admitted to the pension roll.
President Benjamin Harrison is re-nominated by Republicans at the Minneapolis convention.

75 YEARS AGO IN THE LEDGER - JUNE 14, 1917
The high school juniors give a less-elaborate banquet for the seniors and invest the savings in a \$100 Liberty Bond, the interest to be awarded to an outstanding senior in years hence.

Woodrow Wilson proclaims American Red Cross Week.

Superintendent S. C. Mitchell has invented a device for teaching trigonometry easily and quickly, which is accepted by the Secretary of War for training artillerymen.
Major General Pershing and his expeditionary force arrive in England, and the draft will begin June 18.

50 YEARS AGO IN THE LEDGER - JUNE 18, 1942
700 attend the Commencement exercises.

Boy Scouts and air-raid wardens are to assist in getting scrap rubber to gas stations in the newest drive. It is said that gas rationing will be necessary to save rubber. Shoe heels and bloomer elastic are mentioned as well as tires.

Youths age 18 to 20 must register on June 30, but will not be called up until they are 20.

The air raid signal, fire siren and city hall bell will all go off at once next Tuesday evening, signalling a practice air raid alert.
Don't forget to buy your federal auto tax stamp by July 1; five bucks.

25 YEARS AGO IN THE LEDGER - JUNE 15, 1967
The hull of the new showboat has been floated down to the Showboat dock for completion.

one of the shows, much like Vice President Gerald Ford, and his wife Betty and daughter Susan did in 1974.
What makes it so grand? Volunteers who put in endless hours of labor throughout the year to prepare for the three summer nights in June.

What makes it so grand? Business voluntarily supporting the project each year through finances or services rendered.

What makes it so grand? Organizations donating their time to help clean, paint, and decorate the Showboat.

What makes it so grand? Local Boy Scouts helping to get parade entries lined up for the start of the parade.

What makes it so grand? Youthful amateur acts getting that one-time opportunity to realize a dream, to display their talents before neighbors, friends and family.

What makes it so grand? For three days, the entertainment focal point of West Michigan is honed right in on the Lowell Showboat.

What makes it so grand? A community spent five years restoring the Robert E. Lee Riverboat could float again.

What makes it so grand? Someone so relatively new to the

community can't help but feel that excitement and want to be a part of the Lowell Showboat.

What makes it so grand? Despite the setbacks, the wind storm, the people who refuse to become involved, the people who are afraid to experience the music, the fun and fellowship of a special community festivity, the Showboat will continue to weather all storms and it will sail again this weekend and many more weekends.

If you've been away from the Showboat for a while treat yourself to a homecoming this weekend. If you've never been, come see what you've been missing. You'll leave feeling good about Lowell, feeling good about being home.

The Lettermen will visit on Thursday. The 50-60's group doesn't just perform, it entertain.

Who did Mom like best? That may never be answered. Who makes people laugh, her sons Tom and Dick Smothers. The Smothers Brothers visit the Lowell Showboat on Friday night.

The Oak Ridge Boys bring their albums of hits to center stage on Saturday.

PROTECTING YOURSELF FROM POISON IVY

It's summertime again and we are beginning to see the usual influx of patients with poison ivy. The rash and itch of poison ivy comes from the oil contained in the leaves, stems and branches of the plant. The oil penetrates the skin within minutes of contact and starts to cause an allergic reaction.

If you act within five minutes or so, you may be able to remove the oil before it penetrates your skin. Rinsing

your skin with plain water or washing with a gentle soap is usually sufficient. Wiping with alcohol also helps.

If you have come in contact with a poison ivy plant, remember that your clothes and shoes may have the oil on them. Take them off carefully, and wash them with ordinary detergent to remove the oil. You are also susceptible to the rash if you touch your pet's fur or firewood after it has been in contact with poisonous plants or if you are exposed to smoke from burning plants.

If you do develop the rash from poison ivy, cool compresses or baths will help reduce swelling and itch. Benadryl over-the-counter may also help with the itch. A trip to the doctor is usually in order if these measures don't help after about 48 hours. He or she will prescribe a cortisone cream or may even give you oral or injectable cortisone to hasten your recovery.

While avoidance of the plant is the best advice there is, quick cleansing after exposure may also prevent the nuisance rash and itch of poison ivy.

Lowell Township looks to Alternative B for new well system

Lowell Township Supervisor John Timpson describes it as what's in the best interest of the Community.

Timpson and Township engineer Gary Voogt visited Lansing last week to see if the Township could attain a written statement from the State Health Department okaying Lowell to serve Eastgate and Lowell Schools with water.

The restriction placed on the Township by the Health Department was that it could not use Eastgate wells as a primary source for water. Instead it would have to put in its own 12-inch well to serve

Eastgate and the school.

The health department added that if the day comes where the Township and the City could agree to terms on a water agreement, the new well would serve as a great backup.

"The price of a new well is a small price to pay to get this thing moving and to get good water to Eastgate and the school," Timpson said. "I don't want to lose the opportunity to serve the community."

A new 12-inch well would cost anywhere from \$20-\$50,000 depending on how close the well is to existing piping and how large a parcel

of land there is to put the well field in. There would have to be 200 feet of isolation between the well and development.

Timpson re-emphasized, "Buying treated water that is monitored daily is still the best route," he notes. "Maybe some day on a level playing field an agreement for that to happen can be worked out."

Until then, Timpson said he will push hard within the next month to locate a spot to put the new well.

Unable to come to agreement on purchasing water from the City, the Township

has moved ahead with plan B, a new well system.

The initial capital cost for the \$2.2 million system is more than hooking up with the City, but the water will cost less because the Township won't be paying a share of the City improvements and the debt the City has incurred up to now.

Vergennes has also requested that it receive a letter from a separate engineering firm on the safety of the detention and retention ponds. The letter has to come from an engineering firm other than WBDC.

Special assessment district created for Grindle

A special assessment district to create a district for water improvements on Grindle between Shepard and James was adopted by the Lowell City Council Monday night.

Following the hearing, the Council approved a resolution to make the improvements, approving estimated costs (\$82,000 in water main improvements, \$167,000 booster pump station, what portion to be paid by special assessment (\$22.17 per lineal front foot and \$1,077 per service), this would be payable over a 15 year period at an interest rate of seven percent.

Lowell City Manager Dave Pasquale said there would be

155 customers paying into the booster pump station. The cost of the 12-inch main running from Shepard to James would drop upon arrival of the City Block Grant.

Department of Public Works Supervisor Tony Siciliano said the lines would be brought right up to the property owners line and the responsibility for hook-up would then be left up to them.

If they defer on immediate hook-up, Siciliano said property owners will be asked to pay the going rate at the time of their decision to hook onto the City line.

Item #1. JAMES STREET ROAD AND WATER IMPROVEMENTS - PUBLIC HEARING ON THE CRE-

ATION OF THE SPECIAL ASSESSMENT DISTRICT AND ADOPTION OF RESOLUTION DETERMINING TO MAKE PUBLIC IMPROVEMENTS. City Manager Pasquale said that in order to create a special assessment district for street and water improvements on James St. a resolution determining to make the improvements must be adopted. After hearing comments, the Council can consider a resolution determining to make the improvements, approving the estimated costs, what portion to be paid by special assessment, number of installments, interest rate and directing the City Manager to prepare the roll.

The City has proposed to cover the cost of upgrading the existing 2 inch main to an 8 inch main on James from Main St. to Grindle with the exception of the vacant parcel of property on the southeast corner of James and Grindle (433 James) which does not have City water at this time. The 20' asphalt cap will be split on a 50/50 basis between the City and property owners on James by special assessment.

Further, the proposed resolution estimated the total cost of the improvements to be \$52,875. The assessments would amount to be \$9,512.80 (\$7753.60 for road, \$1,759.20 for water). Such special assessments may be paid over ten years and at a 7% interest rate (or 17% above average rate of bonds issued to finance). Several residents were present asking what the exact cost would be and if the James Street project would be done if the Grindle project was not carried out. City Manager Pasquale responded that exact cost will not be known until time of bid award. Councilmember Thompson said that the James St. project will be completed whether the Grindle project is done at this time or not.

IT WAS MOVED BY THOMPSON and seconded by HODGES to adopt the resolution determining to make public improvements on James Street. YEA: 5. NAY: 0. ABSENT: 0. MOTION CARRIED.

Item #2. GRINDLE DRIVE WATER MAIN IMPROVEMENTS - RESOLUTION OF INTENT DESIGNATING SPECIAL ASSESSMENT DISTRICT. As discussed previously by Council, City Manager Pasquale stated that a special assessment district will be established to pay for a portion of the water main installation on Grindle between Shepard and James as well as contributions toward the booster pump station to be located near the reservoir. Property owners would pay for the cost of the 8 inch main and the City would provide the funds for the over sizing to accommodate a 12 inch main. It is estimated that assessments would amount to \$40,000 in

water main construction of a total \$82,000. A charge of \$1,077 will be placed for each property utilizing the booster station (155 possible users \$167,000) in the northeast high pressure district.

IT WAS MOVED BY GREEN and by FONGER to approve the resolution of intent designating special assessment district for installation of water main on Grindle between Shepard and James and contributions toward the booster pump station as well as to set a public hearing on this project for June 15, 1992. YEA: 5. NAY: 0. ABSENT: 0. MOTION CARRIED.

Item #3. 1992-93 BUDGET - PUBLIC HEARING AND SET TRUTH-IN-TAXATION HEARING (6/15). The first of two public hearings on the 1992-93 operating budget was held. Councilmember Thompson commended City Manager Pasquale, City Treasurer/Finance Director Noonon and the staff for the fine job of preparing the budget.

Mayor Maatman mentioned that he received a request from Michael Blough, Chairman of the Planning Commission, for up to \$4800 in the budget for upgrading the Master Plan. Currently, \$1800 has been allocated to the Planning Commission in the proposed budget. Councilmember Hodges felt that with the reductions everywhere in the budget, the Council needs to be very careful when reviewing requests for added funds. The consensus of the Council was that this request be deferred until the June 15, 1992 meeting and asked that Chairman Blough be present to explain his request.

IT WAS MOVED BY HODGES and seconded by FONGER to set the second public hearing for the budget and the Truth-In-Taxation hearing on June 15, 1992. YEA: 5; NAY: 0; MOTION CARRIED

Item #4. DONATION OF PROPERTY BY ATTWOOD CORPORATION TO THE CITY FOR OAKWOOD CEMETERY. Bruce Haveman, Vice President of Attwood Corporation, presented Councilmembers Green, Hodges and City Manager Pasquale a 1.7 acre parcel of property immediately north of Oakwood cemetery as a donation during the Memorial Day festivities. This 120' X 620' parcel would provide approximately 1200 burial spaces to the cemetery. Based on an average of 50 burials per year, this site would last 24 years. This property will provide the city cemetery with needed space without infringing on any future expansion of Attwood. The Councilmembers expressed their appreciation to Attwood Corporation.

IT WAS MOVED BY GREEN and seconded by THOMPSON to accept the donation of a 1.7 acre parcel of property from Attwood Corporation for Oakwood Cemetery.

YEA: 5. NAY: 0. ABSENT: 0. MOTION CARRIED.

Item #5. CONSIDERATION OF WATER SERVICE TO LOWELL TOWNSHIP. City Manager Pasquale stated that at the work session of May 26, 1992, the City Council approved the following proposal to Lowell Township selling water to portions of the jurisdiction, particularly the Eastgate Subdivision:

Usage - \$1.30 per thousand gallons	
X 30 million gallons per year	\$39,000
Readiness to Serve \$2,167 per month X 12	26,000
	\$65,000

This would provide a typical Township customer a monthly billing of \$29.36 (from \$28.18 under the Township proposal).

- After 350 Residential Equivalent Units have been utilized, the City would charge the Township (as a wholesale customer), \$13 per month for readiness to serve for each new customer plus the Township commodity charge. For the first 350 REUs, the equivalent RTS would be \$6.20 per month.

- The size of the Township water district will be negotiated. - The Council agrees to extend water service on West Main to the City Limits, as a City project. It was further noted that the City customers charges will be \$1.25 per thousand gallons per month and \$13 per month readiness to serve to cover water improvements.

IT WAS MOVED BY THOMPSON and seconded by GREEN to ratify the proposed terms as stated above for the water service to Lowell Township. YEA: 5. NAY: 0. ABSENT: 0. MOTION CARRIED.

Item #6. CITY CONTRIBUTION TOWARD SHOWBOAT BLEACHER STRUCTURAL ANALYSIS. Councilmember Green mentioned that Lowell Showboat II, Inc. had noted that a structural analysis of the bleachers in the amphitheater was needed. The bleachers are twenty years old and the structural soundness of the system would be examined to avoid potential liability.

Through the WBDC Group of Grand Rapids, such an analysis would cost approximately \$6,000. The Look Memorial Committee approved a \$1,400 grant toward the structural analysis at their May 20 meeting. The School and Showboat Board have both pledged \$1,500 toward the project. A contribution of \$1,500 from the City was requested.

Councilmember Fonger felt the Council was eliminating donations like this. Councilmember Thompson noted that when the City wrote off a \$14,000 debt the Showboat Corporation would assume bleacher maintenance and maintenance including safety considerations. The City needs to exercise restraint. No formal action was taken from the Council on this matter.

Item #7. REQUEST TO ESTABLISH AN INDUSTRIAL DEVELOPMENT DISTRICT - RETAIL SIGNSYSTEMS, INC., - 2533 W. MAIN ST. - SET PUBLIC HEARING (6/15). Patrick Mangene, owner of Retail Signsystems, Inc. (6440 E. Fulton, Ada) wishes to locate his sign manufacturing business to Lowell. He intends to have a 4000-5000 square foot building constructed immediately west of Dr. Wellman's property. In conjunction with this proposal, Mr. Mangene has petitioned to establish an Industrial Development District for tax abatement under Public Act 198.

IT WAS MOVED BY THOMPSON and seconded by FONGER to establish a public hearing on June 15, 1992 for the consideration of the request to establish an Industrial Development District for Retail Signsystems, Inc., at 2533 W. Main Street.

YEA: 5. NAY: 0. ABSENT: 0. MOTION CARRIED.

Item #8. CITIZEN COMMENTS. Dr. James Reagan, president of the Chamber of Commerce, thanked the City for its active participation in the Chamber. He also invited the City Council to the Chamber Summer meeting to be held June 16 at Dari's Banquet Hall. Guest speaker Robert Terry from the Michigan Department of Commerce will provide a presentation on Downtown Development Authority for Lowell.

Item #9. COUNCIL COMMENTS. None.

Item #10. MANAGERS REPORT. City Manager Pasquale reported on the following:

1. The minutes of the April 27 Planning Commission meeting as well as the April 15 Look Memorial Committee meeting were provided.
2. City Manager Pasquale asked the Council's position on Ernest and Vivian Collins request to have two dead

trees cut across their street by the riverbank. Councilmember Fonger responded if the City crews are able to take them down then proceed to have the trees removed. The Council concurred.

3. City Manager Pasquale presented a letter from the Kent County Library System regarding a proposed Saturday closing of the branch library. Pasquale mentioned that as expressed by other local governments such moves need to be mutual with local and county cooperation.

4. A letter from Christopher Vanderhoff requested a water tap from a lot on the south side of Grindle east of Shepard to a water main on Jackson. There appeared to be little likelihood of additional development and thus the construction of a water main on that part of Grindle seems doubtful. It was the consensus of the Council that this proposal is acceptable as long as Vanderhoff incurs all expenses for the water tap.

5. Pasquale discussed projects with MDOT including the proposed additional drive lane by Captain Jack's to the Hudson Street intersection. The State said this will be reviewed. Also the need of M-21 upgrading was mentioned. The paving of M-21 from city limit to city limit has been placed on MDOT Capital Improvements list.

6. Burger King has proposed to build on West Main Street between Faros and Greenridge Realty. A special meeting will be held to review the site plan on June 3.

7. The sidewalks around the old Rescue Barn (southeast corner of Lafayette and Avery) are being replaced. The cost is being split between the City and Cable TV.

Item #11. APPOINTMENTS. City Manager Pasquale said that the following Board and Commission seats expire on June 30, 1992 which need appointment or reappointment.

From the mountain tops of Tennessee to Lowell; the vibrance and spectacle of the Oak Ridge Boys visits Showboat

The Oak Ridge boys, one of the premier vocal groups in country music since 1977, are fired up and ready for their "Hot Summer Night" engagement at the Lowell Showboat on Saturday, June 20.

The spectacle and vibrance of the Oaks in concert draws audiences throughout North America. The group sells records by the millions and are winners of every major award. Their hit singles fill three albums of greatest hits, and include both country and pop #1's.

A group who can trace their roots back to 1945, to the mountains of East Tennessee, these skilled performers have proven themselves internationally, finding that showmanship, and ability to pick songs, and being sensitive to their fans will pay off year after year.

Each member has a distinctive persona, as an individual as well as a singer. But as strong as their solo voices are, the Oaks create an even stronger voice when they blend together into their unique, harmony sound. It is their raw vocal talent combined with high energy performances that results in the phenomenal success that the Oaks have had through the years.

Duane Allen joined the Oaks in May of 1968. A native of Taylortown, TX, Duane had formal operatic training as well as formal quartet school training before becoming a professional singer. His voice was so impressive that his debut album with the Oaks was titled Duane Allen Out Front. For years the group's business leader, it was Duane's determination and dedication that kept the Oaks out of bankruptcy in the '70's. Allen spends much of his free time on his farm in

Hendersonville (25 miles north of Nashville), where his menagerie includes Longhorn cattle, burros, horses and Canadian geese. He also finds a great deal of pleasure and relaxation driving one of his 15 antique and collectible autos, which is housed in a museum called Ace On Wheels.

Richard Sterban joined in 1972 to continue an Oaks' tradition of fluid, melodic bass singers. His coliseum-rattling low notes are a highlight of the Oaks' sound, the 'hook' in records like "Elvira" and "Bobbie Sue." Born in Camden, NJ, Richard sang in several gospel groups, most notable backing Elvis Presley as a member of the Stamps, before becoming an Oak Ridge Boy. In addition to his singing, Richard turns heads with his dark good looks and his fashion-trendsetting wardrobe. His primary interest outside the group is sports. He is partner in the Nashville Sounds and Huntsville Stars minor league baseball teams.

Joe Bonsall joined in 1973. Born in Philadelphia, PA, he was a member of a street gang until gospel music turned him around. He and Richard at one time sang together in the Keystones group. His energetic personality, both onstage and off, and his unique tenor vocal sounds are Oaks' trademarks. Over the last few years, he has been working on his songwriting, and two of his songs were included on the Oaks' Christmas Again album. Joe is the group's other sports nut, with a particular allegiance to his hometown baseball team, the Philadelphia Phillies.

Steve Sanders knew The Oak Ridge Boys before any of the current members joined. A native of Richland (near Macon), Georgia, he was a child star in gospel music

Oak Ridge Boys

under the name of "Little Stevie Sanders," recording both pop and gospel music for MGM Records. He veered into acting, starring in the Broadway musical The Yearling and in the film Hurry Sundown, and then returned to music, performing with pop acts Mylon LeFevre, Alvin Lee (of Ten Years

After), Steve Winwood, and the group Pyramid. He joined the Oaks Band in 1982 to sing lead during the band's featured portions of the show, and he played rhythm guitar in the band before moving to the front line in the spring of 1987.

Lettermen love ballads, continue universal appeal & stand test of time

Twenty million records and seven thousand concert shows ago, three young men in letter sweaters hit the music charts with their first single, "The Way You Look Tonight." The soft, melodic tune was a departure from the hard-driving music of that day, but listener requests made it a must for disc jockey play lists all over the country. In almost every poll, The Lettermen became "Best Vocal Group" or "Best New Group."

Hit after Hit followed: "When I Fall In Love," "Theme From A Summer Place," "Put Your Head On My Shoulder," "Hurt So Bad," and "Shangri-La" as well as over fifty albums filled with special romantic Lettermen harmony. One of their better known songs,

"Goin' Out Of My Head/Can't Take My Eyes Off You," was a first of its kind when it was released; it was the first hit record ever to completely integrate two songs as one. One deejay said The Lettermen sound was "The best thing that happened to romance since moonlight." Over the years, however, The Lettermen have been aware of the ever-changing music scene. Therefore, the group has constantly updated their shows through the trends of folk sound, amplified guitars, and synthesized keyboards to always keep the act 'today'. Through all these trends, The Lettermen theme still remains the love song. On their "Live In Concert" (Alpha Omega label), they prove that love ballads

have a universal appeal and will continue to stand the test of time.

Although they have had more than their share of recording successes, The Lettermen pride themselves on their live performances. Each show is a valentine to every audience as they maintain a whirlwind touring schedule throughout the United States and abroad. For over 30 years, the popular singing trio has been capturing the interests of individuals at public events, private conventions, and special benefits such as the American Lupus Society of which The Lettermen sound has resulted in successful world tours in Japan, the Philippines, Thailand, Singapore, Hong Kong, France, Mexico and Saudi Arabia. The music

of these true entertainers transcends all language barriers and warms the hearts of millions.

In addition to playing in theaters and concert halls in every corner of the globe, The Lettermen have also ap-

peared in many sports arenas with their touching acappella rendition of the national anthem. *People Magazine* honored The Lettermen's version of "The Star Spangled Banner" by voting the group, "one of the biggest anthem singing groups in baseball."

One critic even said, "They sing the national anthem the way it was intended to be sung."

Fans continue to celebrate longevity of Smothers Brothers' humor

Smothers Brothers

"I thought this was only going to be a summer job!" That may be what Dick Smothers thought, but that modest summer job at San Francisco's Purple Onion ignited a career that has marked over thirty years of entertainment achievement. This is no small feat in a business where people's careers last barely long enough to get their names spelled right.

Since that time, the Smothers Brothers have had their own prime time comedy series in the 1960's and the 1980's, guest appearances on numerous television programs and talk shows, countless engagements as headliners in Las Vegas, a hot-selling video, continuous coast to coast concert tours as well as a host of other accomplishments.

Their contribution to the entertainment world is so highly respected that, in 1989, the Museum of Broadcasting in New York produced a retrospective and seminar on their work; an honor not lightly accorded. On the other coast, Hollywood honored them with ceremonies and a star on the noted Hollywood Walk of Fame. Throughout the years, plaques, mementos, kudos and tributes of all kinds have been a testimonial to the high esteem they are held not to mention the pure unadulterated joy they bring to their audiences.

Also known as the Magnavox and Stouffer's spokesmen, their audience appeal extends beyond commercial and perfor-

mance arenas as well. This is exemplified by their relationship with the American Lung Association. In response to the interest generated and the effectiveness of Tom and Dick as their national spokesmen and Christmas Seals Chairmen, the organization has taken the unusual step of asking Tom and Dick to retain their positions for a second year.

On the personal side, both Tom and Dick pursue their interests with the same fervor as their work. Whenever the opportunity presents itself, Dick can be found riding horses and bringing home ribbons. Tom will more than likely be playing a round of golf and practicing for one of the many tournaments he enters each year. In fact, Tom is the only golfer known who can sink a putt using a yo-yo. He just sends it spinning straight into the hole! Only the most dedicated yo-yo golfer can appreciate such prowess.

There's not much left to say about a career as celebrated and public as the Smothers Brothers, especially since their longevity and enduring popularity speaks for itself. At heart, much of their continued success in all areas of the industry can be attributed not only to their unique and superlative talent but to their genuine and mutual affection for their audiences.

In essence, if it weren't for that seemingly unimportant summer job, all of us may well have missed out on over thirty years of laughter and fun with the Smothers Brothers.

Family Tradition ready to set sail on the Showboat

Harmonizing trio scheduled for Thursday & Saturday

For Larry Humphrey Sr. father-like sons are the standard in his household.

Humphrey works for Steelcase. His two sons Larry Humphrey Jr. and Mike Doorn also work for Steelcase.

Larry Humphrey Sr. is a member of the harmony singing group, "Family Tradition." The name alone tells you he is joined by family members - his two sons Larry and Mike.

The harmonizing trio got started 2-1/2 years ago at a family wedding (Humphrey's daughter, Lora). That led to banquets, New Year's Eve parties, conventions and last year a spot on the Lowell Showboat.

Three times the group has performed before a crowd of 1,000 or more. Once it performed before a crowd of

4,000 or more. That was last year when it shared the same Showboat stage (Ford Fieldhouse) with Wayne Newton.

"The only disappointment for us is that it wasn't the Showboat," said Larry Humphrey Jr. "We wanted to ride on the Showboat."

This year "Family Tradition" will have a chance to change that. It has been asked back, this time as a warm-up act for The Lettermen and The Oak Ridge Boys.

The harmonizing trio performs songs out of the 50's and 60's. Larry Sr. provides the strong tenor sound, Larry Jr. has the low bass, and Mike has a high lead voice.

"We're loving it enough to get together and practice," Mike explains. "We're even practicing at family-get-togethers."

Larry Sr. first started singing for a Grand Rapids chapter Barber Shop Quartet. He did that for 25 years.

After kicking around the idea of forming a singing trio, father and his two sons made the time commitment to start singing together 2-1/2 years ago.

"I've been singing my entire life," Larry Humphrey Sr. said. "I sang in grade-school plays and glee clubs."

The trio considers themselves semi-professionals. "We get paid for singing, but we don't do enough of it to make a living," Larry Humphrey Sr. said.

"Family Tradition" is currently somewhere between amateur and professional, but is teased with thoughts of expanding. "I think we'd like to develop a classic 50's routine

where we would sing the Top 15 classic 50's songs," Mike said.

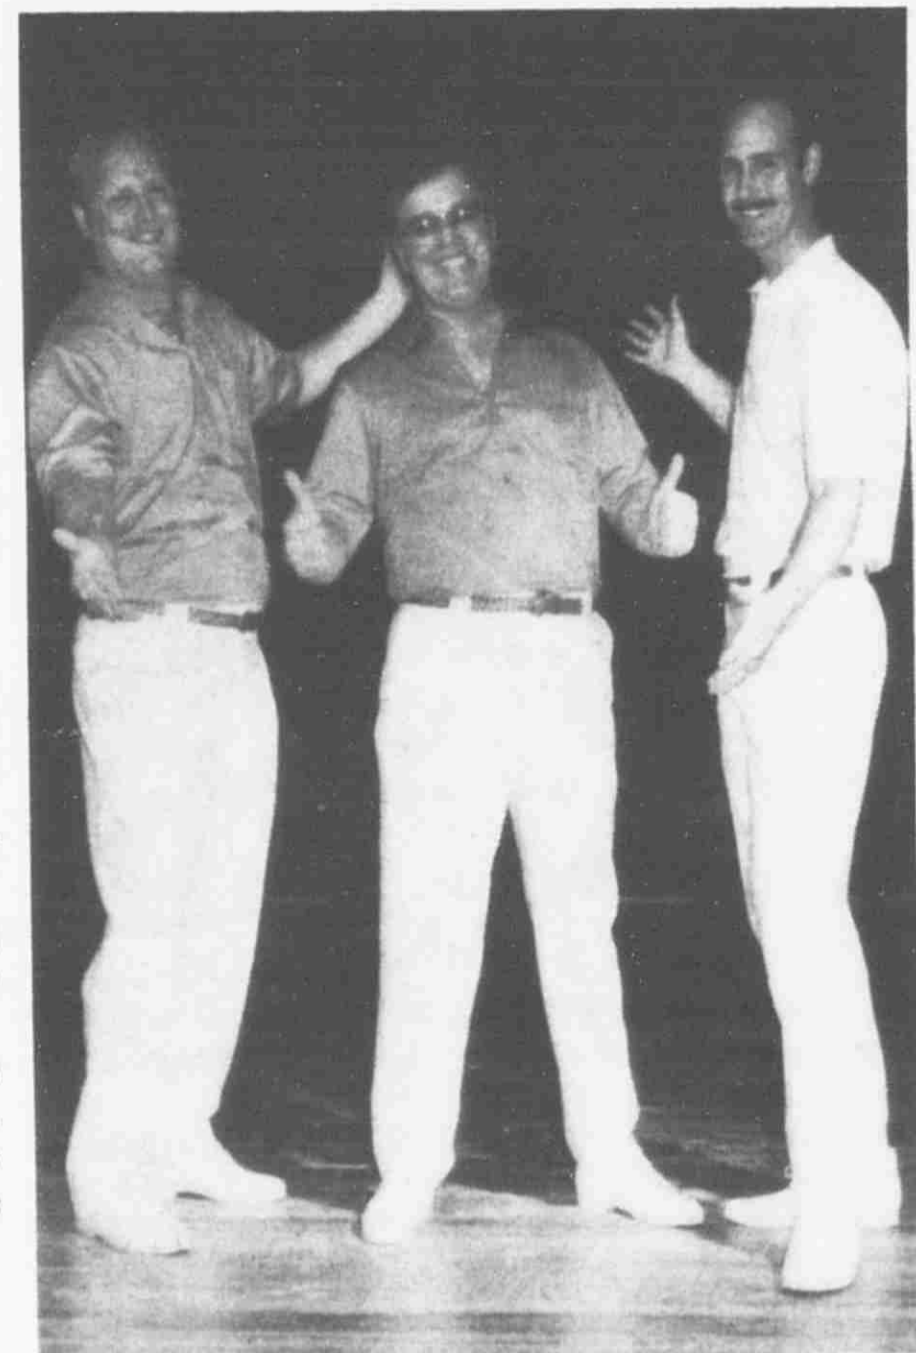

Larry Sr. warns it takes lots of good material to fill an hour-and-a-half show.

"First we're hammering the songs. Once we've nailed down the song, then we add choreography," Mike explains.

No matter the setting or the song, the trio makes it clear that they're harmonizing and having fun.

"We've received a lot of support from our family," Larry Sr. said. "The Lowell Showboat has also been very good to us."

"Singing with the boys has been special to me," Larry Sr. says. "I've watched them grow as individuals and become quite entertaining."

Beyer's diverse voice soothes country-western listeners

Ginny Beyer comes to the Showboat stage for the first time as Lowell Showboat pre-show entertainment for Friday and Saturday nights.

Entertainer of the Year and Best Record of the Year awards from the Country Music Association of Michi-

gan. Over, to prospective investors across the country. He is enthused about Beyer's talents and says, "I'm excited about her because of the diverse nature of her voice. She can sing almost anything, but she reminds me of what I call the 'sweet-voiced' pop singers of the '50s and '60s."

Besides playing in night-spots around the area, she has opened or been showcased in shows for name performers "Dave & Sugar," Tommy Cash (Johnny Cash's brother), Barbara Fairchild who is regularly seen on the TNN network and Jeanne C. Riley of "Harper Valley

PTA" fame. She was showcased at a convention for the State of Michigan Fairs and Festival Board in Grand Rapids last year.

Back home in Fremont, Beyer said it's just a matter of waiting to see what happens next. The mother of three youngsters is keeping the faith, as well as in regular contact with Wilkerson, but she's also keeping practical about the whole thing.

The former Ginny Weber, Shelby High School graduate, has sung in school and church choirs, plays piano, clarinet and banjo and has performed in community and college musicals includ-

ing playing the part of Mary Magdalene in West Shore Community College's production of "Jesus Christ Superstar" in the mid-80's. "Music has always been so very important to me," said Beyer. "Pleasing an audience through music is first and foremost."

Ginny Beyer

Beyer served as one of the judges for the Showboat Talent Search this year. She also used the forum to give Showboat fans a sample of her country music flavor.

She always knew she wanted to sing professionally, so in 1985 she went to Nashville and cut her first recordings, "They Try to Tell Us We're Too Young" and "He's Not Gonna Slip By Me." She received some airplay, which was very encouraging for her. Even more encouraging was a letter from country music star, Loretta Lynn, who heard that record and urged Beyer to continue with her singing and song writing. Beyer was also the 1987 recipient of the

Ginny and her husband, Dave Beyer, whom she calls her biggest supporter, ("He's making my dream his dream, too"), have a five-year business plan for her career, including a management team, record releases, concert dates, wardrobe, promotion, transportation and targeted singing with one of the major record labels, that has been formulated and is ready for implementation. Part of that plan is being handled by Tom Wilkerson, record producer, veteran industry man and founder of AcoustiWorks, a company that caters to new artists.

Wilkerson is now sending Beyer's latest recordings, "Suddenly Single" and "All

Tom Nugent

Work on farm, and on campus, synonymous with fun for Nugent

When Thomas L. Nugent left his family's Lowell dairy farm in 1988 for studies at Michigan State University, his father suggested he pursue a career other than farming, to have an easier life.

Heading the advice, Nugent, this year's recipient of the College of Agriculture and Natural Resources' (CANR) Outstanding Leadership Award, steered clear of degree programs that would land him back at the farm.

It cannot be said, however, that Nugent likewise refrained from hard work or that he'll set anything other than a Herculean pace at his first full-time job, which he has lined up with CIBA-GEIGY beginning in early summer.

Judging from his accomplishments on campus, that's

not Nugent's style. "Tom is an extremely hard worker," says Susan DeRosa, specialist in CANR's Office of Academic and Student Affairs. "He leads by example."

Nugent, who graduated with honors at MSU spring term commencement June 13 with a double major in ANR communications and food systems economics and management, has a resume most graduates only dream of. It is a resume of an almost embarrassing length, as the hue of Nugent's face attests when asked about specific achievements. "It just sort of happened," he says.

Among his many accomplishments, Nugent held two outstanding internships, one during the fall and winter with the Michigan Farm Bureau's Michigan Farm News and the

other in summer 1991 with the Holstein Association of America.

At the Holstein association, Nugent assisted field consultants registering cattle in Wisconsin, Minnesota, Illinois, South Dakota, Iowa, Alabama, Mississippi, Georgia, Florida and Vermont. Often he worked solo.

"I spent 70 nights straight in hotels," Nugent says of the experience, adding he put some 12,000 miles on his car by summer's end.

For the past two years Nugent was in charge of Small Animals Day, an annual spring event that draws thousands of visitors to MSU's research barns for a look at newborn animals. This year the event drew 7,500, the largest crowd ever.

He is past president of the

Farm House Fraternity, a social organization; chancellor of Alpha Zeta Honorary Fraternity; member of MSU's dairy judging team; and has served as a CANR ambassador, a job in which he helped his college recruit promising high school students.

Among his many honors, he is the 1991-92 recipient of the Glenn Lake Scholarship, presented by the Michigan Dairy Memorial Scholarship Foundation. The award provides one year's full tuition.

He is also recipient of a 1992 National Alpha Zeta Scholarship and past recipient of two Michigan Dairy Memorial scholarships, both of which included substantial monetary awards.

"That's kind of the biggest thing that got me through," he says. "It gives you time, because you're not working to stay in school."

"It made me feel like I wanted to do all these extra things."

Yaw, cont'd...

extremely creative on the graphic computer."

This year's runner-up was Jessica Stone. Stone will also be attending Grand Rapids Community College this fall. She is going to be pursuing a General Arts Course of Study.

The other two qualified students were Chad Keech, a high school graduate, and Megan Odell, a theatre student at Michigan State University.

TOWN TALK

Of the three Showboat nights, which show would you go see?

Margaret McGalliard
I don't think I will be attending, but if I do, the choice is simple, I'll go see the Oak Ridge Boys. I'm a big country-western fan.

Melinda Searns
I'll go see the Smothers Brothers.

John Stiles
I'm not sure if I'll go, but if I do, I'll go see the Lettermen. I've heard their name a lot and I'd like to hear their music.

Luanne Kiste
I'd go see the Oak Ridge Boys. I like their music.

Jenny Danilowicz
I'd go see the Oak Ridge Boys just because I love music of all types.

Ethel Stears
Yes, I'm going to go to the Lettermen show. I haven't seen them. My husband is a big fan of the group. I'm going as a faithful spouse. I'd probably have chosen the Smothers Brothers.

A good reputation is more valuable than money.

Morgan discusses time spent in Persian Gulf

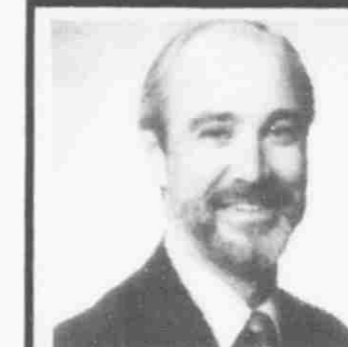

An audience of about 35 senior citizens enjoyed a talk by Persian Gulf war veteran Mike Morgan. Morgan's wife, Kathy, and son Justin were also guests.

Morgan's experience in Saudi Arabia was the topic

for an interesting talk. He explained that he would like to visit Saudi Arabia someday, only under different circumstances. There to help the seniors celebrate Flag Day, Morgan told the audience, "The United States is the best place to be."

A VERY SINCERE THANK YOU

to all who worked on my campaign for School Board. Special recognition goes to Campaign Manager John Haggai, Treasurer Susan Burt, Idema & Keyser, P.C., and others who made contributions, offered endorsements, painted signs and made phone calls. A special thanks to Steve Larkin and Bonnie Ball for their extra effort. An apology to some who offered endorsements but were mistakenly omitted from the ads: Sue Horian and Pinky McPherson. Finally, thanks to my family: Jenny, Julie, and Peggy, who not only worked hard but put up with me (which at times was no picnic!) It was well worth the effort, and I hope to make all of you proud to have been a part of the campaign, and proud of your schools!

Lowell Schools faced with coaching changes

Some familiar faces will be missing from some popular sporting events at Lowell High School in 1992-93.

There were five coaching resignations put before the Lowell Board of Education. Most significantly, Bob Rodenhouse said good-bye to Lowell softball after 14 years of coaching.

"As my family grows older, it is now time to watch my family as I have watched the athletes of Lowell High School," Rodenhouse said. "I have enjoyed working with the athletes, watching them grow and mature from freshmen to seniors."

Jim Fleet, Lowell's assistant wrestling coach, resigned from the position.

"Family commitments and responsibilities make it necessary for me to decline the extra coaching activities," Fleet said. "I am hopeful that in the future, as conditions change, that I could be considered for a wrestling coaching position again should one become available."

Keith Boeve rendered his resignation as the Lowell junior varsity basketball coach. His reason for resigning was due to the added responsibilities and time commitments

with teaching, family, and church.

The face of the top man in Lowell soccer will also change.

John Turkal will not return as the varsity coach due to extensive traveling and the possibilities of relocating, at least temporarily, out of the

Grand Rapids area due to his occupation.

Turkal's vacancy will be filled by Dave Wydock. Wydock has spent the last two years as the junior varsity girls coach at East Grand Rapids High School.

Lowell Township awarded \$49,500 in grant money for riverfront park

It's safe to say the process in attaining grant monies for developing recreational facilities has been a "walk in the park" for Lowell Township.

Lowell Township Supervisor John Timpson found out Tuesday (June 9) that grant money for Lowell Township's Riverfront Park has been allocated.

The Township asked for \$80,000 and got \$49,500. It will have to provide \$16,500 or 25 percent on its own, making the total grant sum \$66,000. If the price exceeds that total the Township will have to come up with the difference.

The park will sit at 12570 Grand River Dr., which is south and west of where Stoney Lakeside Park is located.

The Township will purchase the 70.7 acres of land from Wayne Norton, 12740 Grand River Drive.

The acreage is expected to provide for good walking nature trails, cross country skiing trails, canoeing and boating opportunities and fishing access.

"Lowell Township needs a park, it does not have one," Timpson said.

A five-year recreational facility plan calls for the development of two new parks over the next five years. The second site for a park would be the Eastgate sub-division. The Eastgate facility would be a neighborhood park, encompassing a playground for children and picnic areas.

The park planning was intended to cut down on the travel distances people have to go currently to find a recreational area.

In the Service

Jeffrey G. Hammer has been promoted in the U. S. Army to the rank of specialist.

Hammer, a food service specialist, is the son of George R. and Marylynn K. Hammer of Caledonia.

His wife, Rebecca, is the daughter of Theodore C. and Katherine Hall of Newaygo.

Hammer is a 1985 graduate of Allegan High School.

Second Lt. Lynn Z. Draigh has completed undergraduate space training at Lowry Air Force Base, Denver.

Training included space operations, science fundamentals, computers, space flight, space environment, shuttle operations and command center operations.

Draigh is the daughter of Dwight J. and Terry L. Zeman of South Charleston, OH.

Her husband, Air Force 1st Lt. Peter J. Draigh, is the son of Richard V. and Barbara Draigh of Lowell.

She is a 1987 graduate of Northeastern High School, Springfield, OH.

Airman Donald R. Clay has graduated from Air Force basic training at Lackland Air Force Base, TX.

During the six weeks of training the airman studied Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman is the son of Mr. and Mrs. Donald C. Clay of Lowell.

He is a 1983 graduate of Cedar Lake Academy.

The Real Challenge

In spite of the ups and downs during the 1991-1992 school year, it has been one of the most productive years in recent history. Since our school system is an extension of the communities it serves, I am sure that the officials and boards of Lowell and Vergennes Townships and the City of Lowell feel the same way. The demands of change have affected all of us and together we have taken a giant step toward managing the change to best accommodate our needs for the future. I sometimes am reminded that I overemphasize the theme of "togetherness" when speaking of the relationship between this school system and the city, village and townships. As each of us deal with the changes that are occurring, it seems so logical that a joint venture in managing the change is superior to attempting it separately. To put it

in the words of a recent popular business book, it's an opportunity for joint planning and to "fix what ain't broke".

As June 1991 came to an end, Lowell Area Schools was no closer to locating enough land upon which to build the new high school than what it was when the bond issue was passed. In addition, there was no guarantee that water, sewer, or any utilities would be available outside of the city limits, and to top that off, a low voter turnout for the operational millage renewal had resulted in a loss of funds to operate the school district past the middle of September. The Summer of 1991 was a real "bummer" for most of us. If things have to get worse before they get better, the situations during the Summer of 1991 were the events that helped all of us "turn the corner" and manage the changes instead of letting the change manage us. As last summer wore on, there developed a conscience and common commitment to build for the future and to do it right.

By the end of September, the largest voter turnout in the history of the school district had overwhelming approved the request to renew the operating millage. By late November, the district had signed an agreement to purchase 180 acres of land upon which to build the new high school. In addition, the land area was large enough to accommodate another building for the district's growing enrollment which is estimated to be near the turn of the century. In January of this year, the Vergennes Township Planning Board had given its approval to the

site plans, and forwarded their recommendation for approval to the Township Board whose approval was given the following month.

Architectural plans were completed for the new high school and the athletic complex by April, and bids were received and evaluated by the end of May. About 250 residents attended the ground breaking ceremony in late May while four student representatives from the graduating classes of 1995 through 1999 used a new chrome plated spade to break ground. With the bids awarded at the June 8th Board of Education meeting, the construction for the new facility is now underway with the planned opening for August 1994.

Now that all of the above is behind us, the bigger challenge is still ahead. It's the real motivation behind this "planning and togetherness issue". The real challenge is to generate the mental energy and will to address those factors in our community that we would otherwise never get to. It's the courage for us to address the issues common to all of us during a time when there is no government mandate, no community unrest, and no forced participation. Those of us in education call it "looking beyond the basics".

Granted, running and operating a governmental unit as a member of a board or an executive office is increasingly complicated and more difficult than it was. Yet, there doesn't have to be a long list of regrets if we will force ourselves to leave our day-to-day affairs long enough to look at our options for the future so that we can seize the truth in the expression "work smarter, not harder".

The challenge for any of us in community or private leadership roles is to develop the process for community planning, bring an open mind to decision-making times, and the fortitude to act when it may be easier to ignore the issues. These virtues seem worth developing as our area faces the future. Just because something hasn't reached a crisis point is no reason to assume that it is as it should be.

Woman's Club sets officers for new year

GFWC-Lowell Woman's Club held its last meeting, until September, at a luncheon given by the United Methodist Women at the First United Methodist Church, May 13. 65 women, including fifteen Honorary Senior Girl members, attended.

After a short musical program by Ken Gregersen on the trumpet with an accompanist on the key board and readings by Betty Yeiter, Janet Bovee, Outgoing President, handed the gavel to Charlene Chapman, Incoming President.

Ruby Leeman was honored with the Women-of-the-Year award and the scholarship winners were: Roxanne Hiser and Alicia Richmond.

Officers for 1992-93 are: President, Charlene Chapman; 1st Vice President, Janet Bovee; 2nd Vice President, Diane Thomas; Secretary, Betty Yeiter; Treasurer, Emma Herron and Board of Directors, Evelyn Free, Marj Harding and Eleanor Kropf.

1992-93 Lowell Woman's Club officers

The 1992-93 Lowell Woman's Club officers are left to right: Board of Directors: Marj Harding, Evelyn Cooper, Eleanor Kropf; Treasurer, Emma Herron; Secretary, Betty Yeiter; 2nd Vice President, Diane Thomas; 1st Vice President; President, Charlene Chapman.

Ledger Entries, cont'd...

The school millage is voted down. William Jones and Gould Rivette are the new board members.

The first annual city championship swimming meet will be sponsored by the YMCA, announces Y pool director Gordon Gould.

300 gallons of paint were used during the Chamber of Commerce spring clean-up paint-up drive.
