Along Main Street Council starts process for enactment; of new city sidewalk program

Initial steps were taken to etch a new sidewalk improvement program in concrete Monday night by the Lowell City Council.

The City enacted a sidewalk improvement program between the years 1988 to 1991. This was a voluntary effort on the part of property owners.

The City participated with a 50 percent contribution of the cost for sidewalk replaceOver four miles of sidewalk was installed. "The program was viewed as a success," City Manager Dave Pasquale said.

In response to the program, the City is proposing a new sidewalk program. This one would be absent of City participation and would have special assessments.

To initiate the program it was recommended that sidewalk projects on Hudson and

ment and 25 percent for walks. Monroe be started this year. "The streets receive a high volume of traffic and are linked to the downtown and schools," Pasquale said.

> It is proposed that on Hudson (Main to the north City limits), 2,598 feet of walk be put in. That would cover 23 properties.

On Monroe (from Main to Fremont) it is proposed that 792 feet of sidewalk, covering 22 properties, be replaced

and 379.5 feet of new sidewalk, covering four properties be installed.

The cost woould be between \$10 to \$12 a lineal foot. Special assessment districts could be established.

The sidewalk program enacted from 1988 to 1991 either replaced or put in new sidewalk covering 22,347 lineal feet which covered 210 properties.

limiting the number of dogs per household.

The ordinance limits households to three dogs and includes revisions pertaining to barking dogs, vicious animals and dogs running loose.

According to commission members the need to control dogs in the community comes as a result of the Kent County Sheriff's Department receiving numerous complaints. The Sheriff's Department couldn't do anything in the past because no rules were in place regarding dogs.

The ordinance states that dogs must be restrained by chain or a leash, not to exceed

animal as any animal which has bitten or may bite a person or domestic animal without molestation.

The ordinance also sets rules as to how the county may prosecute animals who are deemed vicious.

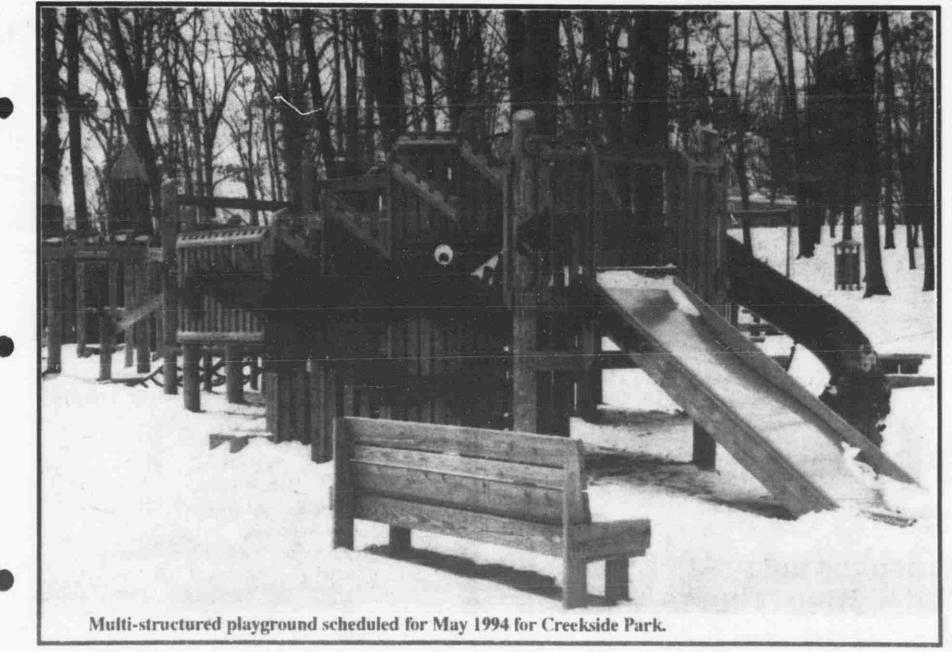

The county may command an animal owner to appear in court and show why the animal should not be confined or destroyed. If the court finds that the animal in question shows habits or molests passers-by when lawfully on the public highway it may confine the animal to the owners premises or order the Director of Animal Control to

Jaycees hold plan for multi-structure playground at Creekside

Kettle Lake Elementary (Middleville), McConnely Park and Creekside Park.

Which one of these doesn't have a wooden multi-structure playground? The answer is Creekside Park.

However, that is set to change by May of 1994.

Tina Phillips, a member of the Lowell Jaycees, presented plans for the Jaycees to construct a wooden playground at Creekside Park before the Lowell City Council.

The Council enthusiastically approved. "I think it's an exciting project, one the community can get behind," Lowell Mayor Jim Maatman said.

The project, which could cost up to \$50,000, would be paid for through Jaycees fund

raising.

The Parks and Recreation Commission recommended approval of the project on March 20.

The exact location of the playground would be mutually agreed upon between the Jaycees and the City.

Parks and Recreation board member Don Green said thought has been given to putting the playground structure where the current playground area is.

As for what the playground structure would look like and include, Phillips said thoughts and ideas would be taken from elementary students. Approval was given, with the understanding that a maintenance agreement would have to be worked out.

One of the best examples of the end of gridlock in Lansing is the property tax/school finance reform compromise of last week. In February, the Senate approved a 20 percent property tax cut which I strongly supported. While I preferred an across the board property tax cut, the compromise as passed will provide much needed property tax relief to Kent County residents and guarantee increased funding to our schools.

The plan will be placed before the voters on a June 2 ballot. I trust the people of Michigan to carefully weigh the benefits of this proposal and to make the right decision. Here are the basic features of the plan:

UPDATE ON PROSTATE CANCER

We have been getting many requests in the office for "the prostate blood test." Today, we thought it would be a good idea to review "the prostate blood test" and what the usual recom-

Digital rectal examination has been the time honored screening exam for detection of prostate cancer. This is a very simple, inexpensive, relatively painless test that is still considered an important tool for early detection of prostate cancer however, there are some limitations. Because of the anatomy of the prostate gland, up to a third of prostate cancers would be missed because they are out of reach of the examining finger. Also, a prostate cancer must grow to a large enough size before it can be detected.

The Prostate Specific Antigen (PSA) test was developed to supplement digital rectal examinations. PSA is an enzyme produced by prostate cells. Both normal and cancerous cells produce PSA; therefore the PSA test can be elevated in men without prostate cancer. A common non-cancerous cause of an elevated PSA is a condition called Benign Prostatic Hypertrophy (enlarged prostate). Prostate cancers tend to produce higher levels of PSA then most benign conditions. It's important to know that the PSA test is not 100 percent accurate. Some men with prostate cancer will have entirely normal PSA

The test is performed simply by taking a blood specimen. Your doctor will usually perform a digital rectal examination at the same time in order to gain as much knowledge as possible about the size and contour of the prostate gland.

The current recommendations are for all men over the age of 50 to have an annual digital rectal examination and PSA test. Because the risk of prostate cancer is higher in black men or in men with family history of prostate CA, screening should begin at age 40 in these individuals.

Item #1. ORDINANCE REQUIRING PREMISES TO BE SEPARATELY METERED - PUBLIC HEARING. Mayor Maatman opened the public hearing regarding an ordinance requiring separate water meters where one building has more than one rental unit. In those cases where there is only one meter, one renter may be responsible for payment and tries to collect shares from others. Having each renter with a meter is fairer and makes it easier to collect water and sewer bills. If the owner takes the responsibility for payment, separate meters are not required.

Item #3. LOWELL AREA CHAMBER OF COMMERCE - PERMISSION TO HANG A BANNER ACROSS M-21 ADVERTISING LOWELL SHOWBOAT AND THE ARTS AND CRAFT SHOW. Charlene Chapman, representative from the Lowell Area Chamber of Commerce, was present to request a street banner hung across M-21 advertising the Lowell Showboat and the Arts and Craft Show. She explained the Chamber would pay for the cost of hanging the banner. However, Council approval was needed. According to Paul Christman. Superintendent of Light and Power, the best location for the banner would be near the M-21 and Lafayette Street intersection. A permit to the Michigan Department of Transportation then would be completed by the City. It is NAY: 0. noted that the request for the banner was 6 weeks in ABSENT: duration. MDOT'S standard has been 3 weeks unless there would be justification. The State's usual length of time is three weeks.

be advertising mainly the Arts and Crafts show or the Lowell Showboat. Chapman responded the Arts and Crafts advertisement will have larger letters. However, the banner will be advertising the Showboat. She added the idea of the banner is to promote the craft show and Showboat as well as creating a festival atmosphere for the City. In addition to the crafts, there will be bands as well as booths for children.

Councilmember Hodges asked if the banner presented a problem for the Planning Commission relative to their recent review of the sign ordinance. Dean Lonick, member of the Lowell Planning Commission, responded that the Commission is more concerned with permanent signs rather than temporary in its review.

IT WAS MOVED BY HODGES and seconded by THOMP-SON to approve the Lowell Area Chamber of Commerce's Arts and Craft Show. YEA: 4. NAY: 0. ABSENT: 1

Item #4. DOWNTOWN DEVELOPMENT AUTHORITY - RECEIVE DEVELOPMENT AND TAX INCREMENT FINANCING PLAN - SET PUBLIC HEARING (4/19). At its March 11 meeting, the Downtown Development Authority approved the Development and Tax Increment Financing Plans for the DDA district. Dean Lonick. Charlene Chapman and Dr. James Reagan, representatives from the Downtown Development Authority were present. The plan presented to the Council meets the requirements of Public Act 197, reviewed by City Attorney Richard Wendt.

The document outlined projects to be implemented in the district. Priority is placed on streetscape improvements on Main Street from Amity to Division. Also, parking lot improvements are a key feature of the plan. Altogether \$1,749,150 would be spent over a 20 year period for various types of projects. Tax increment financing is the vehicle for funding the improvements. To have an immediate impact on the downtown, bonding has been proposed to complete as many streetscape and parking lot improvements as soon as possible

A key element of the plan has been its conservative financial approach. No personal property tax revenues were included in the plan, though these will be placed in the final amount. The plan also excluded all School debt millage.

Item #5. LAWN MAINTENANCE CONTRACT AWARD. Councilmember Hodges questioned if the banner would City Manager Pasquale stated quotes were received for the mowing and trimming of lawns in the following public areas: Richard's Park, the Fire Station, Recreation Park Ball Field, Creekside Park, Shepard Drive-McMahon Park, as well as the Maintenance Building at Recreation Park. Nine bids were received. Upon reviewing the quotes, Dan DesJarden, Street and Parks Supervisor, compared costs for one cut as well as cost for four cuts and recommended that Pratt Lake Landscaping and Lawn Maintenance (3788 Pratt Lake) be awarded the 1993 contract (\$515 one cut, \$2060 four Cuts)

Councilmember Thompson questioned if the City had any problem with contracting the maintenance of the City parks. City Manager Pasquale responded that contracting has been very successful last Year. It was noted that almost \$18.000 would be saved this coming year by contractinG services as opposed to using City labor. This is based on a 24 week season

ITEM #6. NORTH WASHINGTON STREET ANNEX-ATION RESOLUTION. City Manager Pasquale explained at its January 4 meeting, the City Council approved a resolution to request annexation to the State Boundary Commission for 27 acres of City owned property located at the end of North Washington Street. Upon the initial review, Liane Zimny. Executive Director of the Commission, stated that there was a concern about the legal sufficiency of the application. Approximately 19 feet of frontage touch the Attwood property and the City owned parcels. This would "isolate" two residential properties (982 N. Washington and 985 N. Washington).

In order to receive a hearing by the Commission, it is necessary to include these properties. This will give an opportunity for those in the area to express opinions. Also, the Commission has the right to expand or lessen the proposed area in making a final determination.

IT WAS MOVED BY HODGES and seconded by GREEN to amend the resolution to include the two residential parcels (982 N. Washington and 985 N. Washington) along with the 27.4 acre City owned parcel in Vergennes Township requesting annexation to the State Boundary Commission.

Item #7. PURCHASE OF POLICE DISPATCH LOG-GING EQUIPMENT, DICTATING AND VOICE MAIL SYSTEM. Police Sergeant Al Eckman and Dispatcher Alicia Despres were present to propose the purchase of logging, dictating and voice mail equipment for the Police Department. Sqt. Eckman explained that the Michigan Municipal Liability and Property Pool recommended that the Police Department purchase logging equipment in order to keep better track of radio traffic as well as incoming and outgoing phone calls. Additionally, tapes (phone and radio) should be stored for one year and this would be difficult under the current system. The department's need for dictation and voice mail equipment was incorporated into a package bid.

After comparing the proposals, the following compa sons were determined:

VANBELKUM (LANIER) Cost \$8,990

Cost \$8,000

100 user system for voice mail

20 user system (added cost of \$12,000 to increase to a 200 voice mail user system)

DICTAPHONE

Dictation equipment records 360 minutes

Voice mail records 546 minutes or 9 hours

Dictation equipment records 90 minutes

Voice mail records 80 minutes or 1 hour 20 minutes

Voice mail users will utilize the City's Centrex system which VanBelkum had installed.

Sot, Eckman explained the two vendors were approached including Van Belkum and Dictaphone and recommended that the VanBelkum (Lanier) equipment be purchased. It was further recommended that the bid requirement be waived since the Police Department reviewed available equipment. The funds would be allocated from Drug Forfeiture monies.

IT WAS MOVED BY THOMPSON and seconded by GREEN to waive the bid requirement and award the contract to VanBelkum (Lanier) for the purchase of the Police Dispatch Logging, Dictating and Voice Mail equipment in the amount of \$8.990 to be allocated from Drug Forfeiture monies. YEA: 4.

Item #8. FRANK CARR ESTATE - CITY AS BENEF CIARY - WAIVER REQUEST. City Manager Pasquale said that Frank Carr of Lowell, who died on November 4, 1992, had left a portion of his estate to the City. Mr. Carr is survived by his wife Winnifred. who has asked to have an amendment to the will. Mrs. Carr requested an outright grant of cash, property and interest earnings left with Old Kent Bank until her death which will allow more access to these funds. The balance of the estate would be divided according to Mr. Carr's will with the City of Lowell receiving one-eighth. A portion of the estate will be divided within a few months and the remainder after Mrs. Carr's death. The original will would have given discretion to the trustee of the estate over income Mrs. Carr would receive annually. According to City Attorney Richard Wendt, it was considered a reasonable request. Councilmember Thompson questioned if it was right to go against the wishes of Mr. Carr. City Manager Pasquale responded he relied very heavily on Richard Wendt's opinion in this matter to allow Mrs. Carr her discretion.

Item #10. COUNCIL COMMENTS. Councilmember Thompson questioned the continued progress of the sidewalk plan. City Manager Pasquale stated the issue will be brought before the Council at the April 5, 1993 meeting.

Councilmember Green inquired about the number of persons that appealed their assessments at the Board of Review. City Manager Pasquale responded there were approximately 140 appeals.

Item #11. MANAGER'S REPORT. City Manager Pasquale reported on the following:

A. On March 1, the City received six proposals from firms to provide a Development Management Program. The proposals include a Comprehensive Plan, Community Recreation Plan, revised Zoning Ordinance, updated subdivision regulations and updated capital improvements program.

The firms providing proposals include Ayres, Lewis Norris & May, Inc. of Ann Arbor, Landplan, Inc. of Okemos, Gove Associates, Inc. of Kalamazoo, Design Plus of Grand Rapids, WW Engineering and Science of Grand Rapids and The WBDC Group of Grand Rapids According to the time frame established for consultant selection, finalists will be contacted by mid April. Oral presentations would be scheduled in late April.

B. The East Riverfront Plan was presented to the School Board meeting of March 8. Jim Ferro from the WBDC Group provided Boardmembers with information given previously to the City Council

City Manager Pasquale, Mayor Maatman and Councilmember Green will meet with the School Board's Building and Site Committee to discuss the immediate goals of the plan on March 22, 1993. In particular, efforts will be placed to secure property for a Public Library site.

C. City Manager Pasquale said that representatives need to be appointed to the Airport Zoning Board. Roger Brown has agreed to serve. However, another appointment is needed. It was noted that Chris Kulhanek (Planning Commission member) and Bill Schreur, Jr. were appointed to the Board as Vergennes Township representatives.

Nausieda & Leach to lead defending champions toward three-peat

Lowell's number two lady ence. linkster will be Megan Leach, who finished second in the conference last year and was an All-Conference member. Leach has also been a var-

sity starter all four years. White believes she will shoot 45's in 1993. "She's capable if she maintains consistency in her swing."

How great the success the Arrows attain will depend on Molly Byrne and Sarah Hall. Both have varsity match experience.

White is hopeful they can average scores in the low 50's. If they do, the Red Arrow team score will be in the low 200s or high 190s. White believes that will win a lot of conference matches. They gained experience last year and that should be beneficial in '93

Business Financial Planning: Selecting a Form of Business

Terald J. O'Bee, CLU, LIC Whether to incorporate our business or not is often in agonizing decision. If the usiness manufactures a prodct or provides a service for which a legal suit could arise with a subsequent substantial monetary claim, the protective veil of a corporation

The advantage is that only the corporation's assets and isually not the private assets of the shareholders are fair game for a claim. If the business is young and is not yet making a profit, an S Corporation provides not only liability protection, but at the same time allows shareholders to pass business losses through to their personal income tax returns. If the firm wants to accumulate excessive earnings within the corporation and wants to avoid paying the excessive accumulated earnings tax (15% for amounts over \$250,000), the S Corporation would be the proper choice.

If the business wants to avoid paying the 24% Alternative Minimum Tax on prefcrential items, e.g. the cash value growth and the death benefit gain of life insurance. your choice would be the S Corporation. In a mature busiess, where the owners want their salaries and fringe benefits to be tax deductible, a C or Regular Corporation would be the logical choice.

The following is a quick summary of the advantages and disadvantages of the three basic forms of business ownership. The SOLE PROPRI-ETORSHIP is the most common form of ownership because it is simple to establish and operate. The property used in the business operation and all income belong to and is taxed to the individual proprietor. The business is not a separate or legal entity. The proprietor is personally responsible for all business debts, obligations and liabilities. One person makes all the decisions, there is no need to go through a board of directors. Income tax is paid only once, which is not true for a C or Regular Corporation.

The major disadvantage of a Sole Proprietorship is that liability for suits and losses is not limited and falls entirely on the shoulders of the Sole Proprietor. Another disadvan tage is added difficulty in pass ing on ownership to others. If a sale is made on an asset-by asset basis, depreciation and investment tax credit may be triggered.

The PARTNERSHIP is the most common form of ownership where two or more individuals pool their assets, abilities and talents toward a common objective, namely profit or income. It is either a business or commercial partnership (profit) or a professional or personal service partnership (income). Similar in most respects to a Sole Proprietorship where assets can be held in the firm's name the partnership can incur obligations and firm debts can be first satisfied with firm assets, but the individual partners are personally responsible for everything. All partnership income is taxed to the partners, whether distributed

or not. It can be an unwritten (informal) or formal partnership with a written agreement Such an agreement, for example, spells out the role of the surviving partner -- to continue operations and to buy out the estate of the deceased or disabled partner.

The disadvantages of a partnership are personal exposure to suits and losses and less tax-sheltered fringe benefits available.

The CORPORATION is a separate legal and tax entity, the ownership of which is represented by shares of stock, facilitating easy transferability. Shareholder liabil-If the owner wants the ity is limited to the amount sue and be sued in its own

Township ordinance set to curb unnecessary calls

In order to curb the misuse of rescue services Lowell Township's Board will look to draft an ordinance charging a fee for unnecessary calls to the Rockford Ambulance service.

The ordinance comes as a result of the township absorbing cost for services deemed unnecessary. Some local health care providers have been using the services as an extension of their staff

"Some facilities will call the rescue team to assist in loading a stretcher, which can be performed by their own staff," stated Township Supervisor John Timpson.

Timpson went on to state when calls come in the resue team sometimes doesn't know if they will need to perorm CPR or load a stretcher."

When a call is received w the ambulance service as many as eight individuals from ambulance and Lowell Rescue could respond. Considering that it cost the township \$8 per call per person to spond, the end cost could be stantial. This doesn't inlude the fee for equipment

Timpson said, "That nany people is ridiculous and the ambulance should be nanned by personnel that are able to lift their own stretch-

If drafted, the ordinance must meet many legal standards. Including not charging individual residences or facilities on state and school property. The ordinance also could not single out any particular service, it must remain neutral to all parties
