Showboat negotiating a return trip for Sandi Patti following Saturday's rained out show

By Thad Kraus Lowell Ledger Editor

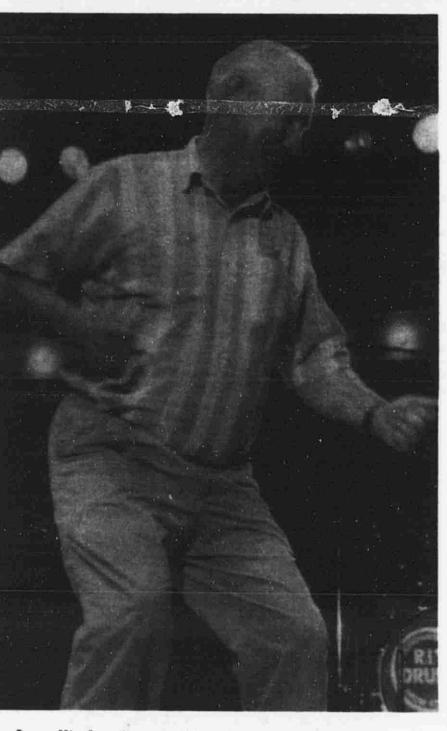

Rain and severe weather stopped Sandi Patti from completing her entire show Saturday night at the Lowell Showboat.

However, the Showboat Board announced Monday night, that negotiations are underway with William Morris Inc., out of Nashville, and Sandi Patti management to reschedule a Patti visit to the Lowell area later this summer. The result of negotiations would be available within the next day or two.

ing two numbers (Unto Us and Make His Praise Glorious) and had just begun her third song when the show had to be stopped because of incoming severe weather.

The majority of the show patrons were given enough time to find shelter either in the form of the Runciman Elementary gym or their cars.

The heavy rains from the initial storm calmed, and word came from the National Weather Service that the severe weather had passed and that occasional showers would follow periodically throughout the evening. It was decided by Showboat and Sandi Patti officials Showboat, cont'd., pg. 8

State's milling kingpins gather to celebrate the advent of "Lowell"

By Thad Kraus Lowell Ledger Editor

At the turn of the century there were 534 mills in the State of Michigan.

In 1958 there were 28 mills.

Today, there are six mills. Four of those six mills were represented at a luncheon on Wednesday to celebrate the wheat variety, Lowell.

The Michigan State Millers Association and its member companies, of which King Milling is one, have contributed annually to the development of better wheats to be grown in Michigan.

To honor the mills contributions to the wheat industry, Michigan State has named all of their recent releases after cities in Michigan where mills are or have been in operation.

"Each year the Michigan State Millers Association releases a new variety of wheat that it test for good yields and to make sure it produces good flour," Said King Milling's King Doyle. "The wheat is produced through a mixture of six or seven varieties. It last only 10-12 years."

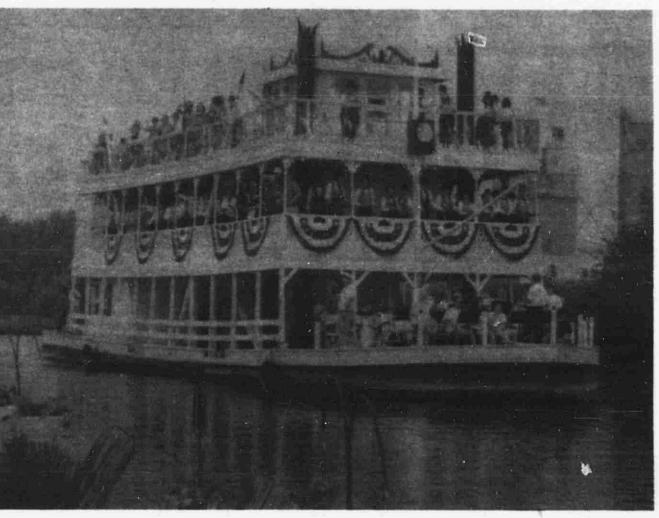

"The Lowell Showboat Board is working hard to see that the approximately 2,000 ticket purchasers get a second chance to attend a Patti concert," Lowell Showboat President Thad Kraus said.

Showboat vice president Tony Stencel added that if negotiations are unsuccessful, the Showboat is prepared, as an alternative, to offer all patrons of the shortened Saturday show a voucher which would enable them to get a 10 percent discount toward any of next year's shows. The voucher would have to be claimed by July 1. "Because of the Tuesday Ledger deadline, it will be importatnt that people look at other local papers for further information," Stencel said.

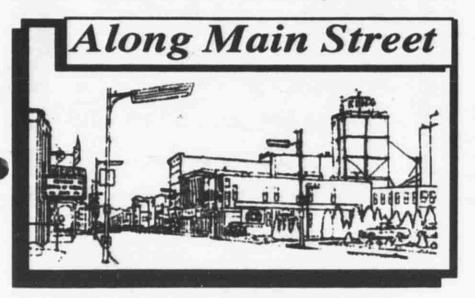

In an effort to get the show in, the Showboat shortened the preliminary acts which enabled it to get Patti on stage by approximately 8:25.

The wheat breeding started in the 1950's and it was 15-20 years before there was a release.

The breeding of the wheat is done at Michigan State University.

Wheat growing in Michigan is a billion dollar industry. Eldor Paul, chairman of the crop and soil science department, said that there is \$80 million of wheat produced each year.

"The Lowell variety release has a 10 percent yield increase potential," Paul said. "It has the potentialto produce an extra \$8 million if grown across the state."

Paul further explained that there are ways to increase the yield and stay competitive. "First you must control the quality and then the grain must be kept close to home." Milling, cont'd., pg. 8

It had been a long time since we had had any tiny folk around our house. So when little Jimmy, an adorable twoyearold, came to stay with us a few days while his mother was hospitalized, we were due for some real entertainment.

At first he was reluctant to leave his mother, but after a good cry, he yielded to our solicitations and clung to us trustingly. "We'll take care of him like our own," I promised

Soon Jimmy was depending upon us for all his needs. The first thing in the morning he asked for his "mulk." When we took him to the grocery store, no one could have told but that he was our very own. Standing before the candy counter, Jimmy jumped up and down and screamed for all in the store to hear, "Daddy,

Two weekends ago (the nice one), my wife and I flew to Burntside Lake near Ely, Minnesota. We took along another couple. They have inherited interest in a beautiful, but rustic, stone and log retreat on its own small island there.

In case you didn't notice, those first three sentences were carefully crafted to supply a lot of basic information in a hurry. It's the old newsman in me. Who, what, where, when, why and how. Now to expand on some of that basic stuff.

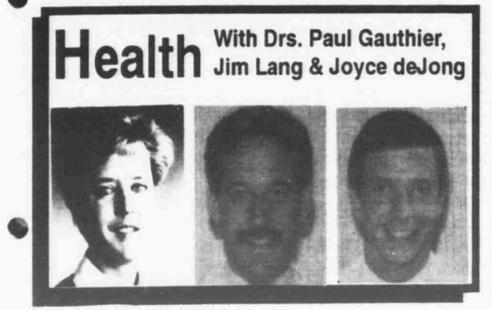

It was a perfect situation if I ever saw one. These friends of ours have a really neat place to go, but it has one big problem. It takes about fifteen hours, one way, to drive there. I have access to a great way to get us there. A four place floatplane that would cart us all there in about four hours and dispense us right at the dock. (A floatplane is a regular airplane equipped with floats which allow it to land in the water more than once.) Added to the formula was a forecast for unusually nice weather. A real rarity around here, and probably even

One day while crunching a delicious Empire apple, I suddenly remembered Johnny Appleseed. "If it wasn't for him and his vision," I muttered to myself, "I probably wouldn't be eating this apple." That was enough inspiration for me to go to the library in search of the old story of JOHNNY APPLESEED. And I found a delightful version retold and

I've explained all this useless information about our trip as background for the column I intend to devote to my new G.P.S., or global positioning system. My G.P.S. is a pocket size (if you have pockets like Captain Kangaroo) navigational device that works off a system of satellites the military has placed into orbit. It will give you your exact location anywhere on earth to within a few meters, (that's a unit of measure slightly longer than a liter.)

Besides telling you where you're at, the thing will tell you used ... a magnetic compass! where you're going. It has a database in which is stored the location of every airport in North America, plus other aviation Or course I tried to get my little pocketful of wizardry navigational points. Or, you can store your own waypoints in going again. I played with the antenna, put in fresh batteries, the thing by taking the coordinates off a chart or storing your re-started it and darned near re-booted it by kicking the thing present location if you think you might ever want to return. I right out of the airplane. By the time I finally gave up on it, we stored the end of the dock at our friend's cabin. On top of all had the shoreline in sight, had picked up a V.O.R. signal and this, it gives you the direction to your destination, the direction were plotting a course on the charts. No sweat. For the rest of the trip I had to listen to questions like, "How much further? How far have we come? What's our groundspeed? What's our E.T.A.?" Carol and Harry Bardwell, owners of Roll-Away Ltd. had requested a rezoning from R-2 and R-3 (Residential) to C-2 (General Business) of their property along East Main from Horatio to Grove. The Bardwells' intent was to have the entire 293 feet established for rezoning. But, the application provided one parcel address covering only the west 132 feet. After holding a public hearing, the Planning Commission recommended that the west parcel be rezoned to Commercial. The Commission told the Bardwells to submit another application for the remaining parcel

In recommending for rezoning, the Planning Commission noted the long time commercial use of the building located at 805 E. Main

Carol Bardwell said that the only concern expressed by neighbors was over the future use of the vacant east lot. She added that zoning the west parcel as commercial would be beneficial to her business. Mrs. Bardwell mentioned that the request for rezoning was caused by wanting to purchase an awning sign for their business. Under Residential zoning, signage is very restricted.

Item #3. CONSIDER TO ADOPT 1993-94 OPERAT-ING BUDGET. SET MILLAGE RATE AND SCHEDULE **TRUTH-IN-TAXATION HEARING - HOLD SECOND** PUBLIC HEARING ON BUDGET. Mayor Maatman opened the public hearing to consider the 1993-94 operating budget. City Manager Pasquale discussed the following items from the June 3 Council work session:

- General Fund: \$10,000 in rentals charged in the Parks budget were not required because of the recently approved mowing contract. This amount was deleted from the expenditures bringing the Parks budget to \$104,450 and the total General Fund to \$1,545,097. The Fund now provides figures based on the defeat of Proposal A.

- The refuse collection budget has amounted to \$137,000 or roughly two mills. The need to implement a system not dependent on property tax revenues is apparent. Also, residential curb side recycling and leaf pick up must be planned in light of upcoming State regulations. In response, the Council directed the Manager to provide a Refuse-Recycling Plan by fall. Also, a tag system for garbage bags would be implemented by January 1, 1994.

 The Council reviewed proposed expenditures and found them to be acceptable. With \$10,000 less needed in Parks, the millage rate could be reduced .15 from the proposed 14 mills. Pasquale added that 13.85 mills will be provided in the 1993-94 Budget.

- Sewer Fund: It is anticipated that the City will be refinancing the Wastewater Treatment Plant bonds and save approximately \$10,000 per year. In view of this fact and upon further review of the budget, no rate increases were proposed

IT WAS MOVED BY GREEN and seconded by HODGES to adopt the resolution approving the 1993-94 Operating Budget and to establish the millage rate at 13.85 mills as well as set a truth-in-taxation hearing for the June 21, 1993 City Council meeting.

Item #4. RESOLUTION ON WATER SERVICE RATES.

City Manager Pasquale said that the following water service rates need to be adjusted to compensate for debt service costs involved in the northeast water system improvement project. He mentioned that these charges will become effective for billings mailed to customers after July 15, 1993.

- Water Readiness to Serve

- based on a residential meter (5/8"), the monthly charge would be increased from \$9.50 to \$12.00. Other meter sizes (identified in the resolution) will increase proportionally.

City Manager Pasquale said that no increases were proposed in the water consumption rates nor the sanitary sewer charges.

Item #5. CONSIDERATION OF INITIAL FUNDING FOR ADDED HOURS AT THE LIBRARY. City Manager Pasquale said that there has been concern regarding the number of hours the library is open. He reviewed the situation with Jane Aronson, Branch Librarian and Joseph Garcia, Kent County Library Director. It has been proposed to increase library hours from 25 - 29. Pasquale said this should help accommodate the public's

need for library services. In order to accomplish this, a one time contribution of \$5326 to the County is needed covering added costs from July to December. These expenses involve providing one new 15 hour position as well as adding five hours for the Branch Librarian. After December, expenses would be spread over the jurisdictions participating in the County system. The City costs involving the Library would increase from \$15,000 (from last year's budget) to \$16,100.

Mayor Maatman questioned if the City's cost of \$16,100 was from the period of January 1994 to January 1995. City Manager Pasquale responded that this cost was for the 1993-1994 fiscal year from July 1 to June 30. Additionally, Maatman wanted to know how much in additional funds will the City be spending for the full year. Pasquale responded that amount has not been determined.

Item #6. TRANSIENT MERCHANT ORDINANCE AMENDMENTS. City Manager Pasquale said that based upon receiving a comment from a concerned merchant regarding the transient merchant ordinance and the flower shop on the west side, a review of the ordinance has been completed comparing the ordinance to others in the West Michigan area. Based on discussions with City Attorney Richard Wendt and several Councilmembers, the following had been proposed.

- reduce total allowable time from six (6) months to three (3) months in any year

 by resolution, provide a \$10 application fee plus a \$5 a day charge for the first ten (10) days. Then, a \$10 a day charge would be extended covering the remaining 80 days in a calendar year. Currently, a charge of \$10 per week is provided.

IT WAS MOVED BY FONGER and seconded by HODGES to set a public hearing for June 21, 1993 to consider an amendment to the transient merchant ordinance. YEA: 5 NAY: 0. ABSENT: 0.

Pasquale said it was recommended by the Department of Public Works to purchase the heavy duty flat bed trailer from Kubota with funds allocated from the equipment fund. Councilmember Thompson questioned the possibility of contracting out the remainder of the parks. Pasquale responded the trailer will be used to haul other equipment in addition to the mowers. Councilmember Fonger questioned if the lighter weight trailer would be adequate. Bob Robinson, Water Distribution Supervisor, mentioned that the trailer would also be used to haul an asphalt roller and piping as well as various other equipment. Judy Noonon, Treasurer/Finance Director said currently the mowers are being driven on the street from Creekside Park to Stoney Lakeside Park. Item #8. PAVING PARKING LOT AT CREEKSIDE PARK. Last fall, Wolverine Paving provided an asphalt base course for the first phase of the Creekside parking lot. Approximately \$3500 in appropriated funds remain to complete the finish course.

Pasquale said, at this time, a limited amount of Lee Fund monies are available this coming year for parks projects. In discussing this with Parks Supervisor Dan DesJarden. it was recommended that a base course be provided for the second phase and defer on the finish work until next vear. Wolverine Paving provided a cost of \$8,450 to complete the job.

Bob Robinson, Water Distribution Supervisor, said that five residences will still be on the low water pressure side of the new booster pump station. He mentioned that the homeowners all currently have their own water service in addition to an individual booster pump in their basements. Pasquale said the City would install the service to their present service line. Robinson added that any maintenance from beyond that point would be the responsibility of the homeowner. He told the Council that the City is satisfying the need of these residents for high pressure.

Councilmember Thompson questioned if the line would accommodate future construction. Robinson responded it would not. Councilmember Fonger inquired if there is any public participation in the cost of the project. Pasquale said these residences currently are hooked up to the City water service and their participation in the cost has not been proposed. Councilmember Thompson added these customers have paid for their service and felt they deserve to have high pressure.

IT WAS MOVED BY THOMPSON and seconded by GREEN to supply adequate pressure to 590,802,811,825 and 829 Shepard by installing approximately 500 feet of two inch copper service from the high pressure side of the booster pump station in the amount of \$8,500 with funds allocated from the Repair and Maintenance accounts of the Water Fund

In order to remedy the situation, Water Plant Superintendent George Regan has recommended the purchase of a precast concrete building for two of the wells to be placed on a slab with footings. The following bids were received:

Michigan PreCast Concrete (Howell) \$4470 each with hatch

Kerkstra PreCast, Inc. (Jenison) \$5372 each

Hospitality Marketing Associates (Livonia) \$4457 each - no assembly or hatch included

In reviewing the bids, it was recommended by Regard that the City award purchase to Michigan Pre-Cast Concrete. Pasquale added that Michigan PreCast included a hatch in case the well would have to be pulled. The others did not include a hatch.

Item #11. AUDITOR AGREEMENT. City Manager Pasquale said that the proposed agreement for auditing services from Biggs, Hausserman, Thompson and Dickinson outlines a maximum charge of \$16,695. Any costs incurred over that amount require Council approval. The letter outlined the same services that have been provided previously. In responding to Council inquiry, Judy Noonon, Treasurer/Finance Director, said that guotes from other firms were received for auditing services last year. However, not as many hours were included for professional CPAs. Councilmember Thompson added there would be added costs in the training of a new auditing firm.

He expressed his concern that the Council was pressured into making a change in the transient ordinance due to the complaint of one individual. Additionally, he felt Two Seasons brings much business in the City of Lowell. Carla Luscombe, owner of Two Seasons, said that she has always tried to conform to the rules enforced by the City and hoped that the Council would keep her informed of any amendments to the transient ordinance.

Tina Phillips, 1028 N. Hudson, expressed her appreciation to the Council for allowing the Lowell Area Jaycees permission to build the playground structure and run the concession stand at Creekside Park. She said there is much excitement from the parents regarding the proposed projects.

Item #14. COUNCIL COMMENTS. Councilmember Thompson said it is nice to see that Creekside Park is heavily utilized and felt the new playground structure will be a great benefit.

Councilmember Fonger questioned the progress of the home located at 515 King. City Manager Pasquale said he will check the status of the improvements with Andy Sparks, Building Inspector.

Councilmember Hodges said he enjoyed his recent talks with the Boy Scouts.

Councilmember Green mentioned the City Parks looked very good.

Hungry & homeless will be beneficiaries of solicitation project

By Thad Kraus Lowell Ledger Editor

High School aged youth and some adults will collect donations from motorists, on a free-will basis, at the intersections of Main and Hudson on Saturday June 26 from 10 a.m. until 1 p.m.

The solicitation is a project The Lowell First Congregational Church will use to raise money to go toward supplies and getting members of the church to Cincinnati to work with the Cincinnati Services Project to help the hungry and poor.

The Cincinnati Services Project is a ministry sponsored through the Western Ohio Conference of the United Church of Christ.

"Youths and adults will work together with the poor in remodeling old dwellings and abandoned buildings, creaung new, low income housing to meet the needs of the urban poor," said Roger La Warre, Pastor of the Congregational Church. "The youths and adults from Lowell will work one week in service to this church project."

La Warre said the project was chosen because it is organized to utilize the energy and creativity of youth from across the country. "It invovles our youth and adults in meaningful home repair and remodeling of older dwellings," he said

Lowell City Manager Dave Pasqaule said cones and signs on tripods would be borrowed from the city for the project. A police officer will also be collectors for safety

Councilman Bill Thomspon opposed the fundraising project because of safety concerns. "Main and Hudson is a very busy intersection. Cars already have to back up so that trucks can make sweeping turns. I don't

on hand to observe/guide the think that is the best spot for

the project. La Warre said his church in Park Forrest, IL did it with out any problems. "If I thought

it could not be done safely I wouldn't be here.' The Council supported the project 4-1.

TOWNSHIP OF GRATTAN COUNTY OF KENT, MICHIGAN Ordinance No. 93-01; Resolution No. 93-06

Address Numbering

At a regular meeting of the Township Board of the Township of Grattan, held at the Grattan Township Hall, on the 14th day of June, 1993, at 7:30 P.M., the Board adopted an ordinance to provide for the uniform placement of legible street address numbers and to provide penalties for the violation thereof.

The Township of Grattan ordains:

SECTION 1 PURPOSE

The purpose of this ordinance is to require that numerals that identify buildings in the township be readable from the road and be placed in uniform locations to facilitate the accurate location of buildings by emergency services.

SECTION 2 ASSIGNMENT OF NUMBERS

The street address number assigned to any building in the Township of Grattan by the Kent County Road Commission, in accordance with the regulations of the United States Postal Service, shall be placed on such building as provided in this ordinance.

SECTION 3 LOCATION OF NUMBERS

Street address numbers shall be located as follows:

A. The street address number shall be displayed on a post or sign that is less than 2 square feet in area, placed in a location that can be viewed from the abutting public or private road and as close as possible to the intersection of the building's driveway and the abutting public or private road but not closer than 5 feet from the edge of the road right-of-way. The post or sign shall be of substantial construction and sufficient height that the numerals will be visible above accumulated snow and vegetation. However, if the building's mailbox is located directly adjacent to the abutting public or private road, is located on the same side of the road as the building, and is within 100 feet of the intersection of the building's driveway and the abutting public or private road, the property owner may display the street address number on the mailbox, using numerals of a design and size as specified in this ordinance, instead of displaying the street address number on a post or sign.

The Lowell branch has **B.** For buildings located on private roads, in addition to displaying the street address number as provided in Subsection A., above, a sign or signs shall be located as close as possible to the intersection of that private road or any other private road or roads with which that private road intersects and the public road The sign or signs shall identify the road name and street address numbers on that private road. For private roads hereafter constructed, the person or persons responsible for building the private road shall be responsible for placing a sign that contains the name of the private road and sufficient room for street address numbers for all buildings constructed or to be constructed on the road. The person responsible for

constructing the private road shall also ensure that the owners or future owners of buildings on the private road have the legal right to display their buildings' street address numbers on the sign. Such signs shall be no larger than necessary to display the street or road name and each street address number, using letters and numerals of a size as provided in this ordinance.

For existing private roads, each of the property owners must have the street address number of its building placed on a sign of a size and in a location as required above for private roads hereafter constructed containing one or more street address numbers. However, a property owner who does not have the legal right to use the required location for such a sign is not required to comply with this Subsection B.

If a private road is identified by name by a sign placed by the Kent County Road Commission or the State Highway Commission, the sign required by this Subsection B. need not include the name of the private road. Signs required by this Subsection B. shall be of substantial construction and sufficient height that the letters and numerals will be visible above accumulated snow and snowbanks.

SECTION 4 DESIGN OF NUMBERS

A. The street address number shall be displayed in arabic numerals only.

B. Numerals or letters displayed on a post, sign, or mailbox shall be not less than 3 nor more than 6 inches in height.

C. The numerals shall be of a color that contrasts with the background on which they are mounted.

A. All buildings shall comply with and shall continue to comply with this ordinance within 90 days from the effective date of this ordinance.

B. A certificate of occupancy shall not be issued for a building or building unit unless the building or building unit complies with the requirements of this ordinance.

C. To the extent possible, buildings under construction shall comply with this ordinance.

AND ORDINANCES

To the extent that this ordinance conflicts with the provisions of the Grattan Township Zoning Ordinance regarding street address numbers or signs, the provisions of the ordinance shall control.

SECTION 7 VIOLATIONS

Any person, firm, or corporation that violates, disobeys, omits, neglects, or refuses to comply with any of the provisions of this ordinance shall be punished for each offense, upon conviction, by a fine not to exceed \$500, together with the cost of prosecution; by imprisonment in the county jail for a period not to exceed 90 days; or by both a fine and imprisonment, in the discretion of the court. Each day that a violation occurs or continues shall be considered a separate offense.

SECTION 8 REMEDIES

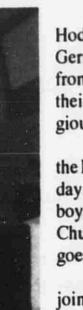

In addition to any other remedies available at law, the township may bring an action for an injunction or other process to restrain or prevent any violation of the provisions of this ordinance.

SECTION 9 SEVERABILITY AND EFFECTIVE DATE

The various parts of this ordinance are declared to be severable. If any part of this ordinance is adjudged invalid by a court have jurisdiction, the remainder of the ordinance shall not be affected thereby. This ordinance shall become effective 30 days after the adoption thereof.

CERTIFICATION

I hereby certify the foregoing to be a true copy of an ordinance adopted by the Township Board of the Township of Grattan at a meeting held on June 14, 1993 5 lines

Jason Haybarker, Jim Hodges, Chad Uzarski and Gerrid Uzarski, four Scouts from Troop 102, have earned their God and Church religious awards.

They were presented at the Methodist Church on Sunday, June 13. Three of the boys go to the Congregational Church and Jason Haybarker goes to the Methodist Church.

This class was taught jointly over a three month period by Rev. Bill Amundsen from the Methodist Church and Rev. Roger LaWarre from the Congregational Church. Some of the topics they learned, read and studied about were: God at work, Christians at work and God and the church. They also studied and learned about both the Methodist and Congregational Churches and their

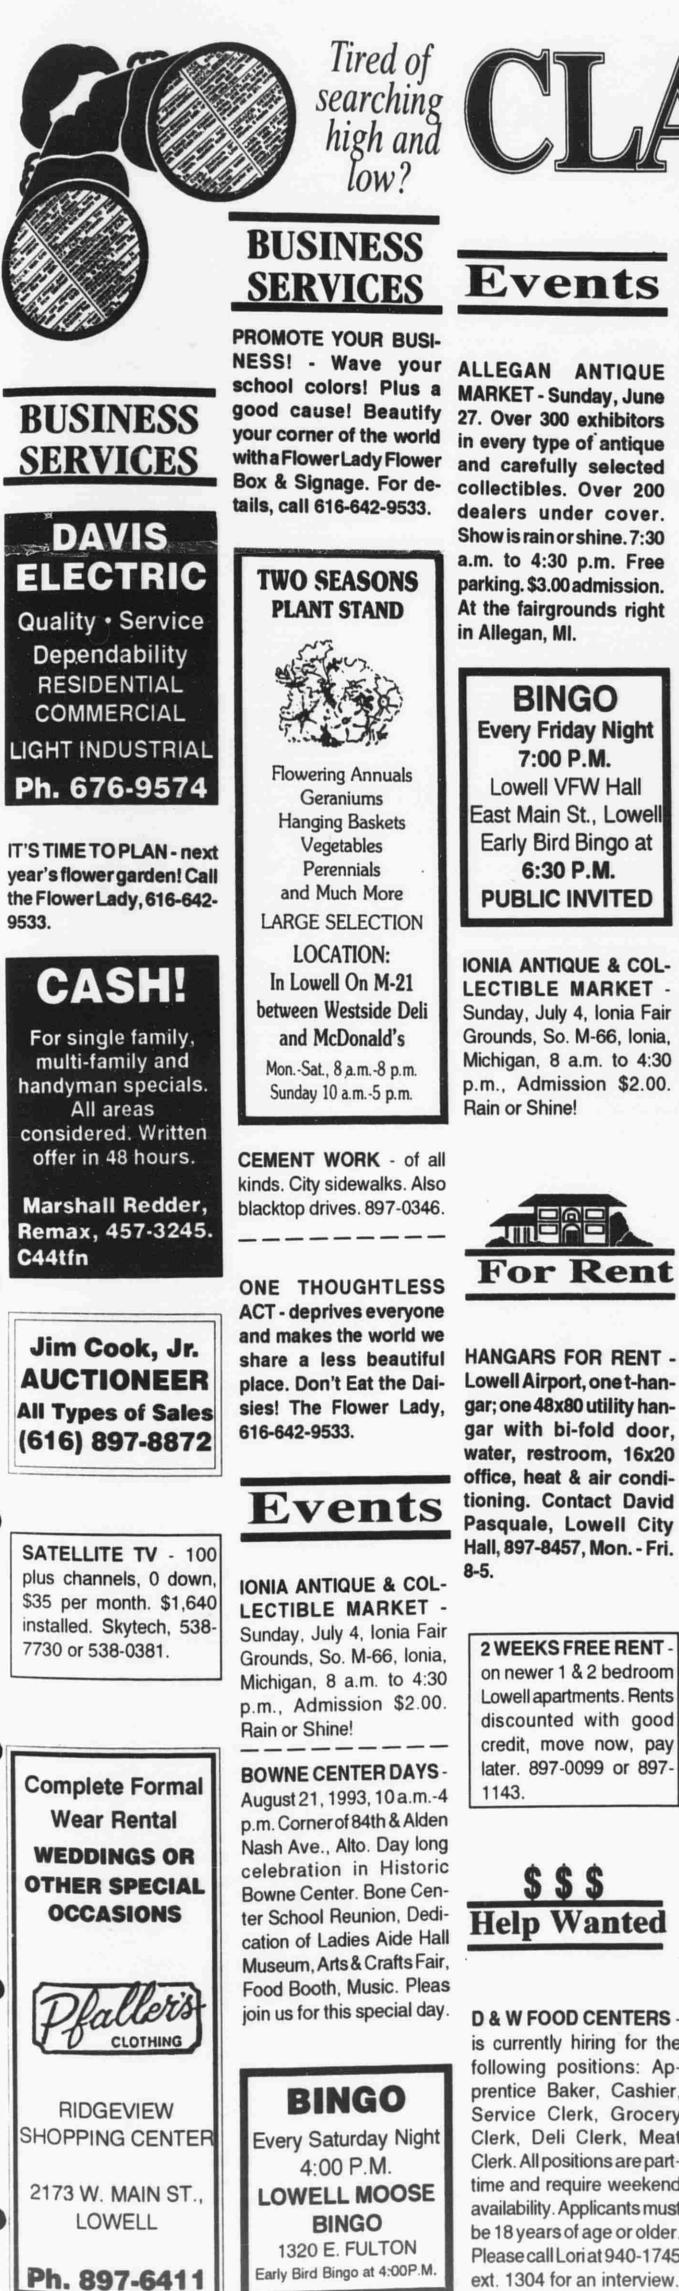

backgrounds.

Public opinion stalls transient merchant amendment

By Thad Kraus Lowell Ledger Editor

Public comment pushed an ordinance amendment on transient merchants right off the City Council table so that it could be studied more closely.

City Hall was filled mostly with disgruntled local businessmen on what was packed into the ordinance amendment.

The major fuss was in regards to what most council visitors felt was unfair treatment of Two Seasons Plant Stand owner Carla Luscombe.

Curtis Cleaner's owner, John (Bucky) Curtis stated the proposed amendment to the ordinance was not fair and that it was pointed directly at Two Seasons. "I want the Council to take a harder look at this before acting on it," he said.

Curtis also asked if the Council was prepared to enforce the ordinance fairly if the amendment was approved? "Is it going to be enforced on everybody or is the Council going to handpick. Will the council go after all people with booths inside the Antique Mall, they are surely transient merchants. How about the people that had

booths at the Lowell Showboat/ Chamber of Commerce Art and Crafts show on Satur- Realty questioned why the day? Those people who participated are surely transient merchants? Was anything done to make sure they are following the current ordinance? Curtis was not proposing that the City do that."

"The City has an ordinance that it currently does not enforce, how is it going to enforce a stricter one?" Curtis said.

Lowell Mayor James Maatman said the amendment was not pointed at any one transient merchant, but instead the Council realized the current ordinance was weak.

Councilman Bill Thompson said the City wants to maintain and control the growth of transient merchants.

"No one to my knowledge has abused the current transient merchant ordinance," Curtis said. "One person complains and that person isn't even here and you're going to make changes."

Kay Thorne told councilman that Luscombe does a nice, credible job, that she is professional, brings business to Lowell and now because of her success, the Council is

going to punish her.

Rick Seese of Greenridge Lowell. council did not contact cities more comparable in size and nature to Lowell than Kentwood and Grand Rapids.

It was pointed out that in Newaygo a transient merchant can be in a town for three months for just \$20. In Greenville there is a \$100 charge for the year.

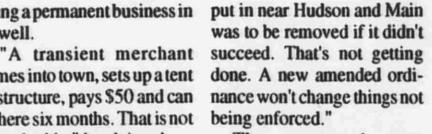

True Value Hardware owner, Charlie Bernard levied transient merchants escape the scrutiny of codes and costs incurred by those merchants

comes into town, sets up a tent or structure, pays \$50 and can be here six months. That is not a level table," he claimed.

amendment would have charged a wagon loaded with asparagus and corn \$10 for a permit and \$5 a day up to 10 days for the stand. "That's \$50-Back in May, Bernard's \$60 a week. That means they'll have to sell a lot of asparagus to make any money."

The proposed new Curtis points out that the amended transient merchant ordinance proposed to reduce total allowable time from six months to three months a year; by resolution, provide a \$10 application fee plus a \$5 a day charge for the first 10 days. Then, a \$10 a day charge would be extended covering the remaining 80 days in a calendar year. Currently, a charge of \$10 per week is given.

New Creation cuts cash for Showboat

Rhonda Steele, New Creations, presented Lowell Showboat board member Dale Triplett with a check for \$290. Steele and her staff raised the money through a \$5 haircut promotion on Friday, June 11. The money will be used to help with Lowell Showboat repairs.

The changes were to assist in limiting transient merchants and increasing costs involved in such an operation.

The motion for the ordinance amendment was tabled so that the City could better define a transient merchant and look into how communities of similar size compare to Lowell.

TOWNSHIP OF VERGENNES

ORDINANCE NO. 93-4

The Vergennes Township Board hereby ordains that the parcel of land in the SE 1/4 of Section 34, Vergennes Township specifically identified below is rezoned to "I" Industrial, as follows:

ARTICLE III

ZONING DISTRICTS

Under the provisions of Section 201.302 the Zoning Map of Vergennes Township is amended to place the following described property in the "I" Industrial District:

Permanent parcel number 41-16-34-400-001; further described as the East 1/2 of the SE 1/4, except for railroad right of way, of Section 34 Town 7 North, Range 7 West; consisting of 73.80 acres.

This zoning change, pursuant to a request for such rezoning from the owner of the property, is consistent with the 1989 Vergennes Township Master Plan and was preceded by a public hearing on such rezoning on May 26, 1993.

EFFECTIVE DATE: This ordinance shall take effect upon its publication.

I hereby certify the foregoing to be a true copy of an ordinance adopted at a regular meeting of the Vergennes Township Board on June 14, 1993.
