Marching Toward Decision

SPRINGPORT, MICHIGAN

•••• The Lowell Board of Education is scheduled to make a preliminary decision in April on which of the three options it will choose to deal with district growth.

By Thaddeus J. Kraus Lowell Ledger Editor

Lowell School District's march toward a decision on how it can best address increased student enrollment grows nearer.

The board of education is slated to make a preliminary decision in April on what direction it will take.

The eight options presented to it by the demographics study committee have been narrowed to three following input by the committee, administration and community members.

The foundation for choosing the options was based on maintaining the highest quality education standard, economic accountability, long-term thinking which will allow future boards to make sound educational decisions, and using a flexible approach so as not to overbuild and to build conservatively.

Between now and the April board meeting, the district will be conducting four community forums to discuss potential options that it believes will allow the school district to accommodate current and future student growth. The forums will be held on Tuesday, Feb. 22 at Alto Elementary from 7-9 p.m.; Saturday, Feb. 26 at Runciman Board of Education office from 10 a.m. until noon; Monday, Feb. 28 at Cherry Creek Elementary from 7 until 9 p.m.; and Tuesday, Feb. 29 at Runciman Board of Education office from 9 until 11 a.m.

Lowell superintendent Bert Bleke said any plan must allow room so it can react and make adjustments to changing conditions.

"With our decision we must think 10-15 years in the future, but at the same time allow future boards to make adjustments based on sound educational decisions." Bleke said.

It is estimated that a bond issue for new buildings will mean an increase anywhere from 2 - 2.5 mills.

An increase of 2.3 mills would mean an extra \$115 per year to an owner of a \$100,000 home or 31.5 cents per day.

Of the eight options, two, three and eight are still being considered.

Option II (Phase I) calls for a high school addition which would increase the student capacity to 1,600 and for a new school which would house seventh- and eighthgraders. It would shift the makeup of students at the middle school (5th- & 6th-graders) and Alto Elementary (K-4). Construction for these buildings would take place during the 2001-02 school year. They would open in 2002-03.

Please note that this is for phone books only. Other print material cannot be used and is not acceptable. The container will be on site until March 1.

LOWELL FIRE DEPARTMENT SPONSORS BLOOD DRIVE

The Lowell Area Fire Department is sponsoring a blood drive for the Grand Valley Blood program on Wednesday, March 1 from 3 - 7 p.m. at the Look Memorial Fire Station located at 315 S. Hudson.

BENEFIT FOR PEGGY BOWDEN

A fundraiser to benefit Peggy Bowden will be held at Larkin's Other Place on Saturday, March 4 at 6 p.m. There will be music, food, cash bar and a silent auction. A \$10 donation is requested at the door.

COMMUNITY EXPO 2000

The Lowell Area Chamber of Commerce is planning the Lowell Community Expo 2000 for March 25. If you would like to spotlight your business, church or organization call Liz at 897-9161.

Phase II of Option II calls for a new K-4 building to open in 2007-08.

Option III (Phase I) suggests that in 2002-03, the high school capacity be increased to 1,400; the middle school house 7th- & 8th-graders; Cherry Creek house 5th- & 6thgraders; Alto Elementary hold K-4 students; and Bushnell and two new elementary buildings hold K-4 students.

Lowell manufacturers seek abatements

Cable survey results in unchanged channel lineup

•••• Approximately 22 percent of Lowell Light and Power/Lowell Cable Television subscribers responded to the Adult Pay-Per-View survey - 3,019 (78 percent) customers did not respond.

By Thaddeus J. Kraus Lowell Ledger Editor

Only 26 votes separated those who felt that adult Pay-Per-View should be removed from the cable system from those who felt it should not be.

Following a Tuesday morning meeting of the LL&P/ Lowell Cable Board, Tom Richards, programming/marketing manager, released a statement indicating that it had considered the results of the survey and voted to leave the system's pay-per-view channel line-up unchanged.

Richards added that the board would elaborate on its position in a drafted statement to the Lowell City Council. "I think we got a pretty good survey response (22

percent). The response to surveys is normally below 10 percent," Richards explained. "While 22 percent felt strongly about the issue, there were a lot more who did not feel strong enough one way or the other to respond."

The difference between those who felt adult pay-perview should be removed (11.4 percent - 443) and those who felt it shouldn't (10.7 percent - 417) was less than one percent or 26 votes.

Richards conceded there may be circumstances where the LL&P/Lowell Cable Board could change its decision.

The board did not make its decision believing it would be a temporary one.

Tom Richards Programming/Marketing Manager

"The board did not make its decision believing it would be a temporary one," said Richards.

Lowell Light & Power/Lowell Cable customers had roughly 10 days to respond to the survey.

(Chadalee Farms) have watched one another grow and prosper over the last 47 years.

That growth will continue in the new century as both Lowell manufacturers are seeking tax abatements in connection with improving their facilities.

Root-Lowell's petition to establish an Industrial Development District under Public Act 198 to qualify for property tax abatements was recently approved by the city.

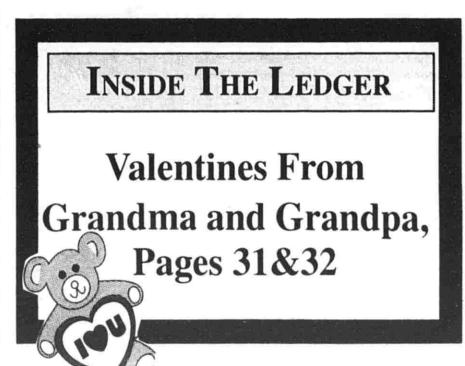

The Lowell company received site plan approval for a 70,000 square foot expansion to its plant by the planning commission on Jan. 10. It will accommodate a warehouse addition and add five new jobs.

Litehouse, having already established a district, has applied for an industrial tax abatement related to the purchase of new equipment for new products, improvement of quality and treatment of water.

Litehouse qualifies for 12 years of abatement under the point system adopted by the council. Improvements in machinery and equipment proposed by Litehouse would cost \$2.121 million.

If Litehouse meets the criteria, the abatement request will be approved by the council and will then go before the state tax commission for the issuance of a certificate. The abatement would be for 50 percent of the projected tax value.

A public hearing is scheduled for Feb. 21.

Rupert's Drop - Where freshly brewed coffee is always dripping

•••• Rupert's Drop Coffee Shop will make its grand opening on Saturday. It will also offer freshly baked rolls, muffins and cookies from Jimmy's Grill.

Beginning Saturday it will be the place "where coffee is the dessert."

Dan and Deb Pipe, owners of Rupert's Drop, are openng up a coffee shop at the same location (214 E. Main St.). It will serve cappuccino, latte', expressos and herbal teas. The coffee shop will also offer cinnamon rolls, muffins and cookies from Jimmy's Grill.

"We won't become a restaurant. Serving lunch type food is not an option. We're strictly going to be a coffee shop." Pipe explains.

Pipes believe the atmosphere at Rupert's Drop lends itself to a coffee shop and both will benefit from each other. "I think customers may buy a cappuccino while they shop around." Deb Pipe says. "Or, someone who comes in for a cup of coffee may shop around."

Pipes have been planning for a coffee shop for nearly five years. "It's been in the plans since we opened Rupert's Coffee Shop, cont'd. pg. 4

The moment he said the word "shouldn't," he has made a moral judgment ... he has hinted that he has values of right and wrong. His statement reveals a moral standard by which he claims "religious people" should stay out of the discussion. It's not the Ten Commandments, but he believes it just as strongly. If he were to be honest and clearthinking, he would have to agree that "I don't think religion should enter into it" really means: "This discussion

is only open to those whose philosophy and values have not been influenced by traditional religions." Now we see it for what it really is: prejudice. What bothers him is not moral judgments and values in general, but something else. My question to him would be: What are you afraid of? (Prejudice is almost always rooted in fear.)

If you watch any TV I'm sure you've seen the commercial in which the toddler is saved from innumerable disasters by plastic products in the few seconds the mother takes to answer the door. A plastic gate prevents the child from falling down a wound up in a tangled giggling heap. They grabbed their trays flight of stairs. A plastic bottle harmlessly bounces off the floor rather than shattering like glass. Electrical outlets are safely capped with plastic plugs. The message is plastic products protect our children from just about everything. Wrong!

When my daughter's family was visiting over the holidays, my granddaughter, Maddie, and I spent a lot of time everything: slide, serving trays, landing area, etc. There was together. One of our little excursions took us into Key West to buy a part for my boat. We were sidetracked by a tattoo parlor really slippery. For over three years, citizens of Lowell and its Board of Education have studied the challenge of student growth. In this timeframe, thousands of hours of study and debate regarding how/where to put all of these new students have narrowed the options for the school district to a very few. As this process continues over the next several months, it is important for our community to understand both the philosophical underpinning of the decision-making as well as the critical considerations that were studied for all options. First, the major philosophical considerations for our ever- increasing student population: 1.) Educational Quality - No matter what decisions or options

are made, there is an ongoing commitment to the highest standard of quality of education for each child. 2.) Economic Accountability- In all phases of planning, there

has been a commitment to provide the best possible economic value to the citizens of the community - both in the cost of construction and in the management of any new facility which may be required.

The study would determine if it is feasible to enlarge Bowne Township's existing sewer system or if developers will have to build an SBR system meeting the township's requirements.

Once the study is completed, a site plan could then be presented to the township on the proposed development.

City requires Osburn to extend driveway 75 feet from centerline

By Thaddeus J. Kraus Lowell Ledger Editor

Mark Osburn was looking for the okay on a 30-foot approach from the center line for his lot at 742 Grindle.

The city was looking to put the hard surfaced driveway issue behind it ... and in so doing, it has required Osburn to extend his approach 45 feet farther than he wanted, but considerably less than the ordinance requires.

"The ordinance says the driveway should be paved all the way to the house," said councilman Don Green. "Thus, 75 feet is a break from the requirement. It is 670 feet from the center line to der the impression from an Osburn's house."

Windows -based program provides city with a priority ranking of streets

By Thaddeus J. Kraus Lowell Ledger Editor

The creation of a pavement and sidewalk evaluation and management system using a Street-smart Windows-based program will allow the city of Lowell to create and maintain funds. a database of information relating to a system of roads.

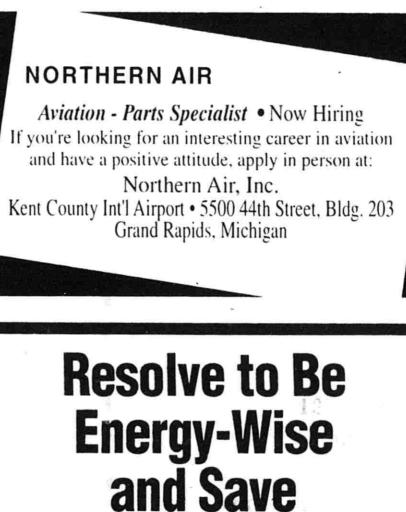

"The key is that the Rowe streets and sidewalk master plan provides us with an understanding of where our priorities are." Lowell city manager Dave Pasquale said.

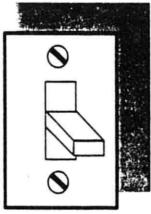

The city's cost for such a program is \$10,000. With the right software in place, the city will now be able to keep an updated awareness of where its sidewalk and street priorities are.

The evaluation of pavement condition was strictly visual and does not accurately indicate subsurface conditions; Also, no pavement cores or soil borings were made. More intensive on-site inspection and associated design engineering should be performed before rehabilitation of a particular segment can be completed.

The pavement condition index, or PCI, is a numerical rating that represents the overall condition of a roadway, and is calculated based on ratings given to the street in specific categories.

Roads within the corporate linits of Lowell which are maintained by the Kent County Road Commission or the state of Michigan were not considered in developing the pavement evaluation and management system.

• All of the major streets are either in fair or better shape. Based on zero being bad and 100 being new, the major streets with the worst PCI are Broadway, 47, (Main to railroad tracks) and Bowes Road, 48. (Valley Vista to curve). -All others have a PCI number of 62 or higher.

The local streets PCI numbers range from three to 100. High (from James east to dead end) and Monroe (from Kent to dead end) streets have been given a PCI number of three. Gee Drive (from Foreman to Alden Nash) has a rating of 18.

Horatio (Main to Avery) was given a PCI number of 100. According to the street and sidewalk master plan, the sidewalks in the city of Lowell are in good shape.

Over 30 participants took part in the YMCA's Family irst-ever Valentine's Day dance held n the Bushnell gym last Saturday. Family teams had to have at least two members lancing at all times, except or the occasional break, to ualify for fun prizes. Refreshments and a special Valentine's craft project helped round out this fun family event. This party is part of the year-long celebration of the YMCA's 40th anniversary. Information about next month's Family St. Patrick's Hoops tournament will be available late next week

At a regular meeting of the Township Board of the Township of Bowne, County of Kent, Michigan, held in said Township on January 17, 2000.

PRESENT: Christian Wenger - Supervisor, Sandra L. Kowalczyk-Clerk, Sally C. Johnson Treasurer, Karen Hendrick - Trustee

ABSENT: Jon F. Merchant - Trustee

The following resolution was offered by Member Johnson and seconded by Member Hendrick:

RESOLUTION AUTHORIZING PUBLICATION OF NOTICE OF INTENT TO ISSUE BONDS AND DEPARTMENT OF TREASURY FILING

WHEREAS, the Township of Bowne is authorized by Act 94 of the Michigan Public Acts of 1933, as amended ("Act 94"), to issue and sell bonds and to use the proceeds from the sale thereof to acquire, construct and install improvements to the Township's existing sanitary sewer system and wastewater treatment plant within the Township (the "project"), and

WHEREAS, it has been determined by the Township Board that the estimated amount necessary to pay the costs of the project, including necessary expenses incidental thereto, requires the issuance, sale and delivery of its revenue bonds, in one or more series, in the aggregate principal amount of not to exceed \$1,000,000; and

the requirements of Act 94; and

WHEREAS, the Township Board deems it advisable to submit to the Department of Treasury an application for prior approval or an exception from the prior approval requirements of Act 202 of the Michigan Public Acts of 1943, as amended ("Act 202"), and any necessary waivers for purposes of selling its bonds.

NOW, THEREFORE, BE IT RESOLVED by the Township Board of the Township of Bowne: 1. That the Township Clerk is hereby authorized and directed to publish in the Lowell Ledger a Notice of Intent to Issue Bonds in substantially the form attached to this Resolution as Exhibit A.

2. That the Township request the Department of Treasury for prior approval or an exception from the prior approval requirements of Act 202 and any necessary waivers for the issuance of the bonds.

3. That the Township Supervisor is authorized and directed to prepare and execute an application for prior approval or a notice of intent to issue an obligation and any necessary waivers and to file the same with the Department of Treasury.

4. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be, and the same hereby are, rescinded.

Adopted this 17th day of January. 2000.

YEAS: Wenger, Kowalczyk, Johnson & Hendrick NAYS: None

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the Township Board of the Township of Bowne, County of Kent, Michigan, at a meeting held on January 17, 2000, the original of which is on file in my office and available to the public. Public notice of said meeting was given pursuant to and in full compliance with the Open Meetings Act, Act 267 of the Michigan Public Acts of 1976, including in the case of a special or rescheduled meeting, notice by posting at least 18 hours prior to the time set for said meeting.

Hunt, Capital City Stampede, win championship

The Capital City Stampede Midget, a hockey team with Lowell High School sophomore Austin Hunt as a starting defenseman, won the Michigan Amateur Hockey Associate District championship on Feb. 5 and 6 in Ann Arbor.

Michigan is divided into seven districts, with District 6 covering teams from 28 counties. Vinning the championship qualifies the Stampede for the state championship to be played n Trenton the first weekend in March.

The Stampede was undefeated in the tournament, Beating Ann Arbor 9-1; Battle Creek -0; Mona Shores JV 5-1 and taking a hard fought championship game from Mona Shores V by a 3-1 score.

This is the third time in the past four years that the Stampede, under head coach Bill Atchinson, claimed the district championship.

NOTICE OF ORDINANCE ADOPTION BOWNE TOWNSHIP ORDINANCE NO. 2000-1

PUBLIC NOTICE is hereby given that Ordinance No. 2000-1 was adopted by the Township Board of the Township of Bowne on January 28, 2000. A summary of the Ordinance follows:

The Ordinance repeals existing Ordinance No. 5, and adopts a new Sewer Use Ordinance governing connections to and use of the Township's publicly owned treatment works ("POTW").

The Ordinance sets forth uniform requirements for direct and indirect contributors into the Township's wastewater collection and treatment system and enables the Township to comply with all applicable state and federal laws as required by the Federal Water Pollution Control Act (also known as the "Clean Water Act"), as amended, 33 USC 1251, et seq.; and Part 31 of Act 451 of the Public Acts of Michigan of 1994, MCLA §§ 324.3101 et seg., as amended ("Water Resources Protection").

The purposes and objectives of the Ordinance are: (a) To establish standards, rules, and regulations with respect to the use of the Township's POTW; (b) To prevent the discharge of pollutants into the POTW that do not meet applicable standards and requirements; that would interfere with the operation of the POTW; that would pass through the POTW into the receiving waters or the atmosphere; that would inhibit or disrupt the POTW's processing use, or disposal of sludge; that would cause health or safety problems for POTW workers; or that would result in a violation of the Township's NPDES permit or of other applicable laws and regulations; (c) To regulate the discharge of wastewater to the POTW and to enforce the requirements of the Ordinance; (d) To authorize and require all inspection, monitoring, and enforcement activities as necessary to ensure compliance with applicable laws and regulations, and (e) To provide for equitable distribution of the costs of the Township's wastewater system.

The Ordinance applies to all persons within the Township of Bowne and to persons outside the Township who are, by contract or agreement with the Township, users of the POTW. Except as otherwise specifically provided by the Ordinance, the Township Supervisor is authorized to enforce the provisions of the Ordinance and the POTW Superintendent is authorized to administer other operations of the POTW.

The Ordinance makes it unlawful for any person to discharge any wastewater or pollutant to the POTW or to any storm sewer or natural outlet within the Township or in any area under the jurisdiction of the Township, except in accordance with the provisions of the Ordinance. If any user discharges or proposes to discharge wastewaters or pollutants that are prohibited or limited by the Ordinance, the POTW Superintendent or other authorized representatives of the Township may take any action as provided by Ordinance or other applicable laws or regulations to assure and require compliance with the provisions of the Ordinance.

The publication of this summary of the Ordinance is intended to meet the requirements for publication as authorized under the provisions of Public Act No.246 of the Public Acts of 1945. State of Michigan, as amended (MCLA 41.184, as amended). No further publication of the Ordinance is required or contemplated by the Township. A true and complete copy of the Ordinance can be inspected or obtained at the Office of the Township Clerk, 6059 Linfield S.E., Alto, Michigan 49302.

Lowell's second-half rally not enough against Hudsonville

By Thaddeus J. Kraus Lowell Ledger Editor

Hudsonville boys basketball coach Paul Ten Brink was glad to see Lowell battle back from a 14-point halftime deficit. Not because he was quietly rooting for the Red Arrows while sitting on the Eagles' bench, but because he wanted his young club to get a feel for what it's like to win a close game.

Hudsonville (4-12, 3-8) earned a 76-70 OK White conference win over Lowell Friday night.

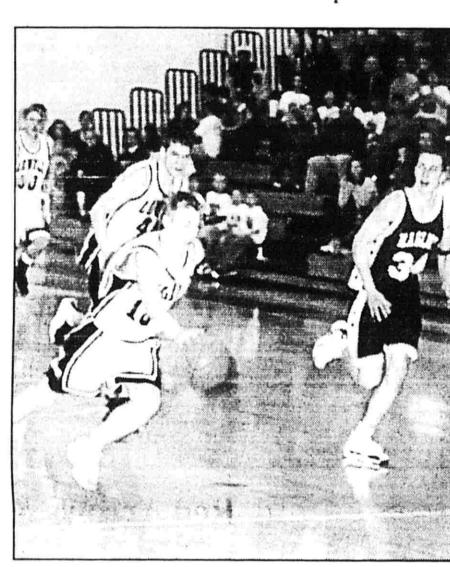

"A win like this is something this team can build on." Ten Brink explained. "Lowell did a nice job of battling back in the second half. They cut our lead to two, but our kids, despite making some mistakes, got the win."

It's ironic, but winning close games is something Lowell coach Pete Bush and his Red Arrows wish they were doing more.

Lowell, 3-12, 2-9, has lost more than its share of games by six points or less. It's a game summary that won't quit playing. "Our boys gave a strong effort both in execution and

intensity in the second half," said Bush. "I thought we lacked that in the first half." The Red Arrows jumped out to a 14-8 first quarter lead, but

Hudsonville ended the last 3:34 of the first stanza on a 15-1 run to take a 23-15 lead.

The Eagles increased their lead to 14 with a 20-14 second quarter advantage. Greg Immink tallied 15 of his game-high 30 points in the first half. "Immink is a very good player. He had a big game onight," Bush said.

A more aggressive defensive effort helped Lowell cut the 14-point deficit in half in the third quarter. The Red Arrows trailed 56-49 after three.

Immink quieted the crowd with a three and teammate Tim Keur added a bucket and a foul shot to bump the Eagles' lead back up to eight at 72-64 with 1:57 to play.

A huge three by Scott Pullen and a three-point play the old-fashioned way by Steve Adams cut the Eagles' lead to two at 72-70 with 1:18 to play.

Hudsonville connected on four of six tosses from the line to hold on for the win. Alsgaard and Ryan Mix led all Lowell scorers with 17.

"This is by far the biggest win for this program since I've been here," said Lowell's six-year coach Michele DeHaan. "I knew success would come. We had nine good freshmen gymnasts come into the high school program this year.'

Most of the nine are products of DeHaan's summer YMCA program and clubs. They join a seasoned senior n Renee Brower and sophonore standout Katie Blough.

"Having Katie back on vault and floor gives us qualty depth," DeHaan said Renee is solid and consistent no matter the situation."

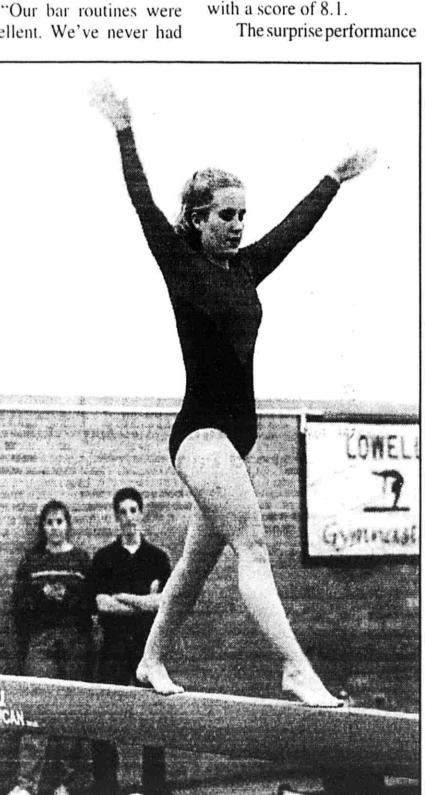

Without their standout Stacy Drotar (a back injury ended her season early), the Rangers are still a formidable OK Rainbow foe.

The Red Arrows still needed consistent, solid routines throughout to best Central.

Aaron Alsgaard, who scored just three points in the first half, caught fire in the third quarter.

"We had some breakdowns defensively and Alsgaard started to shoot the ball well," Ten Brink said. "Defensively, you have to account for where he is on the floor."

Lowell trailed by 10 with a little over five minutes to play. The Red Arrows, over the next minute-and-a-half, went on an 8-0 run cutting the deficit to two at 66-64.
